PRICE THREE CENTS

TEEN BODIES OF SOLDIERS IN STATE AT ARMORY

Uniformed Veterans Furnish Guard of Honor for Portion of 22 Caskets That Arrive From East.

PUBLIC IS ADMITTED THROUGH AFTERNOON

Relatives of Other Soldiers Whose Remains Are Here Elect Private Funerals for Their Dead.

The public will be admitted to the first Regiment Armory, where bodies of St. Louisans who made the supreme sacrifice overseas in the world war are being assembled, from 2 to 11 p. m. today. Fifteen of the bodies which arrived from Hoboken last night were at the armory today.

The caskets are contained in heavy boxes, each marked with the name of the soldier and each covered with a large American flag. The boxes have been placed on supports in the main hall of the armory and behind them are banners of national flags and the banners of American Legion posts.

A guard of honor, comprising uniformed veterans of the war, remained beside the bodies from the time of their arrival last night. Members of the guard will be on duty until after the public funeral at the armory at 2 p. m. tomorrow, which will be conducted by the American Legion and other patriotic societies.

Doors Again to Be Opened.

The public will be admitted to the armory again from 9 a. m. tomorrow until the funeral is over. Of the other bodies, two were sent directly to National Cemetery, Jefferson barracks, and seven are not to be buried in the public ceremony, by request of relatives, but their funerals will be held at various times from tomorrow until Sunday.

The bodies, which were part of the shipment which recently arrived at Hoboken, N. J., from France, arrived at Union Station on track No. 1 at 4:50 p. m. yesterday. Although groups of bodies of St. Louis soldiers arrived here at other times, this was the first time the public had known in advance the time of arrival. The other groups came early in the morning, furthermore. Perhaps 250 persons awaited the train last night, including a number of uniformed members of the American Legion. Committees from the women's auxiliaries of the thirty-third division and the 135th (St. Louis) Infantry were present. Many of the bodies were of men who were in the thirty-fifth division. Apparently there were no more relatives of the soldiers present.

Mr. and Mrs. Harry Ebeler of 1844 Finney avenue, brother-in-law and sister of David Hickey, the first St. Louisan who lost his life in the war, were there. Mrs. Ebeler was dressed in mourning. Her brother, who was a showmaker and who formerly lived with her at 8522 C. road, was wounded Feb. 12, 1918, while serving with E. Battery, Ninth Field Artillery, and died of his wounds 12 days later.

Hickey in First Division.

Mrs. Ebeler never has learned the name of her brother was in when he was wounded. She said last night that she had been told that the name concerning the nature of his wounds. His regiment was a regular infantry unit and was in the First Division, the first group sent overseas. There was no ceremony. Packages handlers removed the coffins from the special express car and took them on trucks to the adjacent platform, where during the evening, undertakers claimed them and took them either to their establishments or to the armory.

The bodies of Oliver Cavasino and Arnold Mund were held at the station and sent to National Cemetery today. Cavasino will be buried there at 2 p. m. tomorrow and Mund's funeral will be held after the arrival of his parents from Bonne Terre, Mo. He was the only one of the 22 men who was not a St. Louisan.

15 Bodies at Armory.

The 15 bodies at the armory are those of Hickey and Ellis S. Barnhill, Roy E. Brem, Battalion Sergeant Major William L. Heiserman, Corp. John J. McCarthy, August H. Mithras, Corp. Peter Nowak, Mechanic John Plueck, Mark P. Scar, Walter L. Schaezel, First Lieutenant Clarence W. Schnelle, Sgt. John P. Trader, Oliver Guy Vassar, Corp. Charles E. McCleary and Emil W. Oberg.

Funeral arrangements for these men, as far as they have been announced, are: Brem, in leather goods, at 4221 Olive street at 2 p. m. Sunday, with burial in Memorial Park; Heiserman, from an undertaker at 2223 St. Louis avenue at 2 p. m. Friday, with burial in Memorial Park.

Moscow Dispatches Describe Horrors of Russian Famine

City of Saratov Likened to Gypsy Camp, Housing Starving and Suffering Humanity.

By the Associated Press.

MOSCOW, July 26.—An official Moscow wireless dispatch received here describes in detail the horrors of the Russian famine and the consequent mass migrations in search of food. The city of Saratov is like a "gypsy camp, with its starving, emaciated and dying humanity."

The peasants there have subsisted since spring on roots mixed with the ground bones of animals.

In Astrakhan the people are subsisting on fish. No grain is obtainable there.

Any relief on a large scale from the outside, according to the experts, must be immediate, as navigation will be open for only three months more. If relief is delayed, they assert, millions of persons will perish.

The Executive Committee of the Third Internationale has issued a call to all workmen's organizations affiliated with it to gather funds with which to purchase food.

The Rosta News Agency, the official Bolshevik news disseminator, confirms the report that Maxim Gorky has been authorized to go abroad as a special commissioner to procure aid.

NURSE IS FOUND BOUND AND GAGGED IN WEEDS ON LOT

Miss Elizabeth A. Wolf, Summoned by Telephone, Is Set Upon and Robbed in University City.

PURSE FOUND EMPTY AND BAG IS LOOTED

Victim Can Give Only Partial Account of Attack From Behind and Did Not See Her Assailant.

Miss Elizabeth A. Wolf of 5332A Garfield avenue, a trained nurse who was found bound and gagged and in a dazed condition at 6:30 o'clock last night, among weeds and willows, near Jackson Walk, a block east of Hanley road, in University City, recovered sufficiently at St. John's Hospital today to give a partial account of what happened.

She said she remembered receiving an assignment to go to University City and leaving the Kirkwood-Ferguson car at Jackson Walk. She was going along the walk when she was seized from behind around the throat and thrown to the ground. She began to pray and the man who had seized her said: "Stop that. Lie still and don't make any noise."

She said she remembered nothing more. She did not know whether the man was white or black. She did not remember being bound and gagged.

Physicians have been unable to find any serious injury. There is a scratch on her neck which may have been inflicted in gagging her and the palm of one hand on her right knee above the knee, which is thought to have been inflicted by her assailant's knee while gagging and binding her.

Robbery Seems the Motive.

Robbery appears to have been the only motive. Her pocketbook was beside her, open and empty, and the contents of her purse's bag had been scattered about.

Shortly after 2 p. m. Mrs. Kate Hall, in charge of the McKinley Home and Registry for Nurses, 4561 Washington boulevard, received a telephone call from a man who said he was J. C. Miller of University City. He requested that a nurse be sent immediately to attend an obstetric case and directed that she take a Kirkwood-Ferguson car and get off at Jackson walk and walk north through vacant property to the first large white house.

Mrs. Hall gave the assignment to Miss Wolf, and she got off of a car at Jackson walk at 2:30, carrying her nurse's kit, in which was her pocketbook. The conductor says no one got off with her and no one was waiting for her at night.

Tied With Own Bandages.

At 6:30 C. R. Able of 7415 Washington boulevard, passing along Jackson Walk, about 200 feet north of the car, heard moans, and, going around a clump of willows about 20 feet west of the walk, among weeds eight or nine feet high, he found Miss Wolf lying on her back, bound hand and foot with bandages which had been taken from her kit and gagged with her own handkerchief and a bandage.

Her bag was open beside her and the contents were scattered about. Her pocketbook was empty. Her bank book showed that she had drawn \$75 yesterday, but her relatives did not think she was carrying that much with her. Her clothing was not torn nor disarranged.

Able removed the bandage. Miss Wolf was conscious, but appeared dazed and unable to speak. Able brought his mother and another woman which had been taken from the walk. No coherent statement could be obtained from her, so she was taken in an automobile to the city hall, where Dr. J. H. Sutter, city physician, examined her and sent her to the hospital.

Chief of Police Ward searched the ground where Miss Wolf was found, but found no footprints. There is no Miller family living near.

WOMEN OF LONDON'S "UPPER TEN" TERM SMOKING BOURGEOIS

Habit Reported to Have Become So Common Society Women Are Giving It Up.

Special Cable to the Post-Dispatch.

LONDON, July 26.—Smoking has become such a bourgeois habit that many women of the aristocracy who have been using tobacco, are now shunning it, at least in public. Medical men here have warned women frequently since the war about the evil effects of over indulgence in cigarettes, but it was not until smoking became a bourgeois habit that any difference was noticed in the smoking habits of women of the so-called "upper 10."

At the moment the use of tobacco by women has become almost a thing of the past. Many tobaccoists are manufacturing small briar pipes for feminine use. This has made the habit too common to please certain figures in society. And, in consequence, they have given up the weed. At some aristocratic garden parties recently few if any women of the elect were seen to smoke openly. So what medical men have been unable to do by their warning is being rapidly accomplished by class pride.

HARDING OUTLINES PLAN TO FUND RAILROADS' DEBT

President Asks Congress for Authority for War Finance Body to Buy Securities With Funds on Hand.

AIM ALSO TO AID AGRICULTURE

After Special Message Is Delivered, Bills Granting Requests Separately Are Presented.

By the Associated Press.

WASHINGTON, July 26.—President Harding sent a message to Congress today asking for legislation authorizing the War Finance Corporation to handle funding of railroad indebtedness and to increase credit for financing agricultural exports.

That there were "moral" obligations upon the government to aid in both respects was stated by the President, who commended the War Finance Corporation as an agency of great value in restoring economic conditions. Prompt action was requested, but the President did not ask that both features be contained in one bill.

Republican leaders, therefore, adopted the plan of dealing with the railroad and agricultural questions in separate measures. Senator Kellogg, Republican of Minnesota, introduced a bill drafted by Secretary Hoover of the Department of Commerce, and Chairman Meyer of the War Finance Corporation extending the powers of the War Finance Corporation to agricultural export financing. It also would increase the corporation's revolving credit fund from \$500,000,000 to \$1,000,000,000.

Substitute for Norris Bill.

The Kellogg bill was offered as a substitute for the pending Norris bill to create a new Government export financing corporation with \$100,000,000 capital. Provisions dealing with railroad funding were stricken from the Hoover-Meyer draft before it was presented, and Republican leaders planned to consider later and separately the President's recommendations that the War Finance Corporation take over railroad funding.

Railway Claims Based on "Inefficiency of Labor" during the war, the President said, were to be waived for the present to hasten settlement without surrender of any rights in court. Although the railways also owed the Government large sums on various accounts.

"No added expense," said the President, explaining his request, "nor added investment is required of the part of the Government. There is no added liability, no added 'burden'."

It is merely the grant of authority necessary to enable a most useful and efficient government agency to use its available funds to purchase securities for which Congress already has authorized the issue, and turn them into channels of finance ready to float them."

Contract With Government.

The contract covering operation provided that the railways should be returned to their owners in as good condition as when taken over by the Government, and the transportation act, recognizing that betterment and additions belong to capital account, provided that such sums as the railway companies owed the Government for betterment and new equipment, added during the period of Government operation, might be refunded. There has been, at no time, any question about the justice of funding such indebtedness to the Government. Indeed it has been in progress to a measurable degree ever since the return of the railways to their owners. It has been limited, however, to such cases as those in which final settlements with the railway administration have been effected. The process is admittedly too slow to meet the difficult situation which the owners of the railways have been facing, and I believe it essential to restore railway activities and essential to the country's good fortune to hasten both funding and settlement.

"No Extra Funds Needed."

"Quite apart from the large sums owing to the Government, which we are morally and legally bound to fund, the Government admittedly owes the railway companies large sums on various accounts, such as compensation, depreciation and maintenance."

"The way now would seem to be clear by very early adjustment and relief, except for the fact that the railway railway activities, though pressing, does not command the funds necessary to meet what will be its added obligations."

"There is no thought to ask Congress for any more money."

GOVERNORS IN MESSAGES TO POST-DISPATCH DENY CONDITIONS ARE UNUSUAL

THE following messages from Southern Governors have been received by the Post-Dispatch:

FRANKFORT, Ky., July 26.—No trouble with famine in Kentucky. There is considerable pellagra. Have requested State Board of Health wire you concerning this.

EDWIN P. MORROW, Governor.

LOUISVILLE, Ky., July 26.—Have fewer cases of pellagra in Kentucky than we have ever had since 1915. Economic conditions in the mining sections of the State, restricting the pay received by the miners, are producing conditions which have heretofore regularly increased the disease.

A. T. McCORMICK, State Health Officer.

BATON ROUGE, La., July 26.—The Health Officer reports, they only normal number cases of pellagra in Louisiana at this time. No relief measures requested or needed so far as Louisiana is concerned.

J. M. PARKER, Governor.

NASHVILLE, Tenn., July 26.—Reports coming to the State Board of Health do not indicate any unusual pellagra conditions. The Governor's office and the department of agriculture have no information from any community or county in Tennessee that shows any serious situation.

A. L. GARIBON, Secretary to the Governor.

RICHMOND, Va., July 26.—Cases of pellagra in Virginia negligible and our food and other crops bountiful.

WESTMORELAND DAVIS, Governor.

RALEIGH, N. C., July 26.—No famine in North Carolina nor unusual prevalence of pellagra. Thirteen pellagra deaths less this year than last year for same period.

CAMERON MORRISON, Governor.

NO FAMINE OR PLAGUE, SAY 8 STATES IN SOUTH

Health Authorities of Mississippi, Georgia, Louisiana and Arkansas Declare the President Has Put a Wrong Interpretation on a Recent Hospital Service Report.

SITUATION LITTLE, IF ANY, WORSE

Executive Appealed to Both the Health Service and the Red Cross to Hasten to Correct a Condition "Assuming Menacing Proportions."

President Harding's letters last night to Surgeon General Cumming of the Public Health Service and to President Farrand of the American Red Cross urging haste in giving aid to the cotton states of the South in combating pellagra and semi-famine conditions that "threaten to assume menacing proportions" were quickly followed today by denials by the health authorities of eight of these states—Georgia, Arkansas, Louisiana, Mississippi, Tennessee, Alabama, North Carolina and Texas—that any such conditions as described prevailed in their respective jurisdictions. Most of them say the situation is little, if any, different from what it was last year.

The President's letters were called forth by a recent report of the Public Health Service—the old Marine Hospital Service—and the authorities of the states mentioned say the President and his advisors have put a wrong interpretation on that report. Their official statements follow:

No Unusual Condition for Season in Mississippi.

By the Associated Press.

JACKSON, Miss., July 26.—There is no grave danger of a pellagra epidemic, and no semi-famine condition prevails in this State, said Dr. W. S. Leathers, secretary and executive officer of the State Board of Health, in discussing the letter of President Harding to Surgeon General Cumming, urging the Public Health Service and the Red Cross to co-operate for relief of conditions in the cotton belt.

"A wrong interpretation is being placed on the report of the United States Public Health Service," says Dr. Leathers. "Pellagra, like any other problem, demands attention but the situation does not justify the interpretation that has been given it. The morbidity report of the State Health Board for the month of June shows 223 cases of pellagra in Mississippi, as compared with 1022 for last year. The disease always becomes more generally prevalent during the summer months, slowly decreasing during the autumn and winter. In January of the current year only 143 cases were reported."

Fewer Cases Than Usual in Louisiana.

By the Associated Press.

NEW ORLEANS, July 26.—There is no epidemic of pellagra in Louisiana," said Dr. Oscar Dowling, president of the State Board of Health, today. "On the contrary, there are fewer cases than usual at this time of the year."

For the week ending July 23, only 61 new cases were reported to the Health Board, while the report for the previous week showed 13 new cases.

There is no method of determining the exact number of cases in the State, as no report is made to the Board of health of cases reported, but Dr. Dowling expressed the belief that conditions are normal in all sections of the State.

"No Change in Georgia Over Last Year."

By the Associated Press.

ATLANTA, Ga., July 26.—There are no indications of an increase in number of pellagra cases in Georgia this year over the corresponding period of a year ago, according to Dr. T. J. Abernethy, secretary of the State Board of Health, in discussing today reports from Washington that the pellagra situation in the Southern cotton belt was alarming. He stated that from available reports there was nothing to indicate any spread of the disease in any part of the State and added: "This fact alone refutes rumors current to the effect that case after case has been cited or that the situation is becoming more menacing."

JAPAN DECIDES TO ENTER CONFERENCE AT WASHINGTON

Cabinet at Tokio to Accept Participation, and Answer Will Be Sent to United States Soon.

By the Associated Press.

TOKIO, July 26.—The Japanese Cabinet has decided to accept participation in the proposed conference on Far Eastern problems, the Associated Press was informed today.

It is understood the Japanese answer will be forwarded to Washington in the near future.

According to Japanese understanding of the American viewpoint, as given out here, America's idea is to make the basis of the conference a broad discussion of policies and principles, rather than one of specific topics, although each participant would have the right to introduce specific subjects if they were germane to the principle under discussion, and if the Powers generally agreed that the subjects were of importance.

The general position of Japan has been unofficially summarized as follows:

Peace now prevails in the Far East, and the great aim of the conference should be to harmonize policies, and all participants in the conference should strive to this end. Bitterness and misunderstandings should not be created by allowing any participant to leave the conference with the feeling that action had been taken detrimental to his rights and vital interests.

Borah for Making Allies Pay Debts If Conference Fails.

By the Associated Press.

WASHINGTON, July 26.—Postponement of allied debt refunding until conference was advocated in the Senate yesterday by Senator Borah, Republican, of Idaho.

If the foreign governments are unable to agree with the United States on a disarmament program, he said, "American people will be justified in insisting that they promptly meet their debts and interest also."

Britain Objects to Washington.

By the Associated Press.

LONDON, July 26.—The hope that the conference on Pacific and Far Eastern problems would be held in Washington was shattered today by reports from Washington that the British situation in the Southern cotton belt was alarming. He stated that from available reports there was nothing to indicate any spread of the disease in any part of the State and added: "This fact alone refutes rumors current to the effect that case after case has been cited or that the situation is becoming more menacing."

UNIVERSITY HEAD AND WIFE MISSING ON MOUNTAIN CLIMB

Dr. W. E. Stone of Purdue Not Heard From Since July 17. Wife Reported to Have Started Out on Mount Eanon.

By the Associated Press.

BANFF, Alberta, July 26.—An organized searching party under the direction of Prof. Fay, known as the "father" of the Rocky Mountain Alpinists, today is scouring the country about Mount Eanon for traces of Dr. W. E. Stone, president of Purdue University of Lafayette, Ind., and Mrs. Stone, who have been missing since Sunday, July 17.

On that date they set out from a camp at Mount Assiniboine to inspect the surrounding country. They had food enough to last four days. The only trace of them was the remains of a fire and toilet articles belonging to Dr. and Mrs. Stone which were found at the base of Mount Eanon.

Both Dr. and Mrs. Stone are experienced mountaineers and no anxiety was felt when they left camp unaccompanied.

SHREWD SALESMANSHIP IN DISPOSAL OF MISSISSIPPI BONDS

Tuberculosis Sanitarium Bonds Sold to Insurance Company on Plea of Effort to Prolong Lives.

By the Associated Press.

NEW YORK, July 26.—Wall street is telling a story of shrewd salesmanship by Frank Robertson, Attorney-General of Mississippi, in disposing of \$1,000,000 worth of State bonds. The issue, which was for a tuberculosis sanitarium, was sold at par, with 5 1/2 per cent interest. Bankers were not interested because they felt the terms were too low under present conditions.

Robertson went to life insurance companies and argued that it would be good business for them to invest, as the bonds would help prolong the lives of policy holders. The appeal was effective.

1,792,368 GERMANS KILLED IN THE COURSE OF THE WAR

4,246,874 Were Wounded and 200,000 Missing, Including Losses in Navy.

By the Associated Press.

BERLIN, July 26.—Germany lost 1,792,368 men killed and 4,246,874 wounded from 1914 to 1918, according to revised compilation of the German casualties during the war. In addition 200,000 men are still reported as missing.

The losses in the navy, which are included in the casualties given above, were 34,256 men killed and 31,655 wounded.

\$10,000 Luxury Tax Fine

By the Associated Press.

NEW YORK, July 26.—Herbert T. Martin, treasurer of Martin & Martin, Inc., dealers in leather goods, was fined \$10,000 today by Federal Judge Shepard for defrauding the United States out of luxury taxes. The corporation was fined \$2000. Pleas of guilty were entered in behalf of both.

HARDINGS GOING TO WHITE MOUNTAINS

President and Mrs. Harding Planning Trip to Follow Visit to Plymouth Tercentenary.

By the Associated Press.

WASHINGTON, July 26.—A vacation of several days in the White Mountains of New Hampshire is planned by the President and Mrs. Harding to follow their attendance next Monday at the Pilgrim tercentenary celebration at Plymouth, Mass.

During their outing they are to be guests of Secretary Weeks of the War Department at his country place near Lancaster, N. H. Under present plans they will go directly there from Plymouth, arriving a week from today and probably remaining until the following Saturday or Sunday. During the stay the President expects to accept no invitations, but to devote his whole time to rest and recreation. It is hoped to make the former route of public business permits him to sufficiently prolong his absence from the capital.

INJUNCTION AGAINST PICKETING DENIED TO TWO PRINTING FIRMS

Federal Judge Holds He Is Without Jurisdiction in Con P. Curran and Woodward & Tiernan Cases.

In an opinion sent here from Des Moines, Ia., today, Judge Wade of the United States District Court denied the application of the Curran Printing Co. and the Woodward & Tiernan Printing Co. for injunctions to restrain striking job printers from interfering with their business through picketing and other methods.

The injunction was denied on the ground of lack of jurisdiction.

At 6:30 C. R. GARY ON BUSINESS SITUATION

By the Associated Press.

NEW YORK, July 26.—Chairman Gary of the United States Steel Corporation, in a statement said: "The business in many lines, including iron and steel, is still dull and hesitating, the outlook is not discouraging or doubtful. Sentiment has been for some time and still is growing better. The financial aspect of this country and other countries has been improving and to most of us at least looks bright. We need not rest in triumph, but we are not about to feel depondent. The crowd has been very sick. Therefore, full recovery is longer delayed."

COUPLE WED BY CONTRACT

By the Associated Press.

NEW YORK, July 26.—The marriage of Dr. Leslie Spier, professor of anthropology at the University of Washington, who is now teaching at the Columbia University summer school, to Miss Erna Gunther of Brooklyn, was announced today. The acknowledgment of their signatures to a marriage contract before Justice McCork, constituted the ceremony. Such marriages are legal under a New York Statute but infrequent.

PORTER PREVENTS TRAIN HOLDUP

By the Associated Press.

ST. PAUL, Minn., July 26.—An attempt to hold up Chicago Great Western passenger train No. 10, Minneapolis to Omaha, was frustrated last night by A. B. Egge, negro porter, and the alleged bandit was captured and brought to the St. Paul city jail.

The man boarded the train at Minneapolis as a passenger and when it arrived in the St. Paul city limits he pointed a revolver at Legg and commanded him to pull the bell cord. Instead of complying, Legg knocked the weapon out of the man's hand and chased him out of the car. The bandit jumped from the train and was captured by a switching crew.

MILK PRICE TO INCREASE

The Milk Committee of the Southern Illinois Milk Producers' Association met this morning in East St. Louis and fixed the price to be charged to distributors for milk in August. The committee and representatives of the distributors will meet this afternoon to determine what the price shall be. E. A. Brooks, president of the Producers' Association, said that about 40 cents would be added to the price. The present price is \$1.09 1/2 per 100 pounds.

CHILD LABOR BILL FAILS AGAIN

By the Associated Press.

JEFFERSON CITY, July 26.—The House today, after reconsidering the vote by which it failed Saturday to pass the child labor bill, again refused to pass the measure, the vote being 66 for and 54 against.

This is believed to mean death of the bill at this session which is expected to end this week.

JOHN J. MCGRAW ORDERED ARRESTED IN PITTSBURGH

Capias Issued in Connection With Damage Suit of Pittsburgh Man, Charging Assault in Hotel.

By the Associated Press.

PITTSBURGH, Pa., July 26.—A capias for the arrest of John J. McGraw, manager of the New York Giants, was issued in court here today by Judge Marshall Brown, with special bail fixed at \$2000. The action arose out of a suit for \$20,000 damages filed this afternoon by counsel for George M. Duffy of Pittsburgh.

The petition alleges that Duffy was attacked by McGraw in a hotel here on June 3.

PROHIBITION IS HIS PET JOKE

By the Associated Press.

England's premier newspaper publisher, when asked by a reporter what he thought of prohibition, replied that he was like the small boy whose father had told him about the giraffe, the long neck and everything.

"I'm just like that little chap, you know," remarked the Viscount. "Take me to a place where there is prohibition and I'll tell you what I think before I can give an answer. I can't tell you about something I know nothing about. I'm a newspaper man myself. I'll be very glad to tell you when I can give you an answer."

WARRANT CAN BE SERVED ON SMALL, COURT DECIDES

Judge Smith Holds, However, Governor "May Appear Voluntarily at His Convenience."

COURT ADJOURNS UNTIL SEPT. 5

Opinion Says Old Maxim, "King Can Do No Wrong," Does Not Apply to Illinois Executive.

By the Associated Press.

SPRINGFIELD, Ill., July 26.—Judge Smith, in his opinion on the question of the liability to arrest of Gov. Small for embezzlement, held that warrants should be served upon the Governor, but that the executive should be permitted to make his appearance at his convenience, within a reasonable time.

Judge Smith, after reading his opinion, adjourned court until the September term, which begins Sept. 5.

The Judge developed his opinion as follows:

"1. That there is no such thing in Illinois as the divine right of Kings, and that the King has no counterpart in Illinois.

"2. That it is beyond the scope of the Governor's power to call State troops to shield him from arrest.

"3. That Gov. Small, despite his position as chief executive of the State, is subject to arrest and prosecution for his acts as State Treasurer.

"4. That the statutes of limitations would expire through any prolonged delay in serving warrants upon the Governor.

"5. That it is not the duty of the Court to withhold warrants for the Governor.

"6. That Gov. Small should be permitted to present himself voluntarily before the Court.

Notification by Telephone.

Notification of Gov. Small by telephone was the method of procedure decided upon by Sheriff Meester.

"I may go over for an interview with the Governor later," Sheriff Meester said.

"No attempt will be made to embarrass Gov. Small. The order of the Court explains how the matter will be handled."

"Are there any motions?" Judge Smith asked after taking the bench. There was no reply.

Addressing himself to Attorney Fifer, Gillespie and Graham, counsel for the Governor, Judge Smith began to read his opinion.

Judge Smith recalled that each of the lawyers had been State's attorneys and were "well familiar with the laws governing procedure in criminal matters."

Court's Opinion.

The opinion went on:

"Ten Small became Governor of the State of Illinois in January, 1921, beginning a term of four years, and is now Governor of the State.

"On the twentieth day of July, 1921, the grand jury of Sangamon County returned to this court three indictments against Len Small, charging him with criminal offenses.

"The statutes make it the duty of the court, when an indictment is returned, to issue a writ of habeas corpus, if the indictment is defective, and makes it the duty of the clerk of the court to issue immediately process of capias directed to the Sheriff for service.

"Appearing as amici curiae to give the Court friendly advice as to its duties and the course it should pursue, you (the Governor's counsel) advise the Court, in your own motion, should issue a restraining order enjoining the Clerk of this court from issuing process of capias for the apprehension of the defendant until after the expiration of his term of office, and that Court should suspend prosecution during said term.

"The King can do no wrong."

"In support of this advice, it is urged that because of the high official position of the accused and the great disaster that would otherwise befall the State and in pursuance of public policy, the defendant is immune from arrest and that prosecution should be suspended. To sustain this contention the monarchical maxim, 'The King can do no wrong,' is quoted.

"Governors Not Kings."

"The King can do no wrong" is an ancient doctrine, but in this republic it has never reached the application that an elected official can do no wrong. We have been extremely fortunate in the character and conduct of elected officials, but there has never been an intimation or suggestion that they were immune from the temptations and frailties to which other humans are subject.

"It is said in the constitutional history of England that in ancient days the functions of the King and priest were the true prerogatives of birth, and it is said the King's power is, therefore, from God, that of Parliament from men, gained perhaps by rebellion, but what right can arise from rebellion?"

Quoted From Legal Maxim.

Judge Smith then quoted at length from "Brown's Legal Maxims," (Greenman law treatise, as 19

Berlin Wants U. S. Proclamation of Peace as Step Toward Treaty

Germany to Ask President Harding to Take Such Action; Rights of Victory to Be Contested Point.

Special Cable to the Post-Dispatch and New York World.

BERLIN, July 26.—The result of the conference between Loring Dresel, American Commissioner in Germany, and Foreign Minister Rosen has been that the Germans will ask President Harding to proclaim peace as the first step toward a formal treaty.

The correspondent is credibly informed of this, though the Foreign Minister declines to engage in treaty discussions in order to avoid possible attacks before the peace is formulated. The Porter-Knox resolution

of the extent of the divine rights of King. He then continued:

"It will thus be seen that the maxim that the King can do no wrong applies wholly and solely to the manner in which official acts of the King are to be considered and construed when applied. The maxim has no application in Illinois and no application to the case at bar.

"Impachment the only punishment.

"It is argued that the Constitution provides for the impeachment of the Governor and that because it so provides there can be no other punishment; that specifying this procedure precludes all others.

"The Constitution has exempted Senators and Representatives from arrest during a session. It exempts members of the militia from arrest during a session except for certain offenses named. No similar provision is made for the Governor. Apply the rule. The converse is a Governor shall not be impeached.

Meaning of Impeachment.

"The Constitution provides for impeachment; but that is for misfeasance, malfeasance in office and removal from office. The Constitution further provides: 'The party, whether convicted or acquitted, shall nevertheless be liable to prosecution, trial, judgment and punishment according to law.'

"Where does the Constitution or the law express anything to indicate an exemption from prosecution for crime? On the contrary, the above quotation is a direct declaration that he may be prosecuted whether in or out of office. The impeacher shall be no bar. The vice of the constitution is in assuming that impeachment is a punishment for crime. It is not a criminal proceeding, but only a procedure to remove from office for misconduct while in office.

"Impeachment is only to remove from office and has no relation to an offense committed entirely outside the office, and is not to cause or prevent prosecution.

The section concludes as follows: 'The party whether convicted or acquitted shall nevertheless be liable to prosecution, trial, judgment and punishment according to law.'

"In the constitutional convention, when this decision was under consideration, Mr. Rice of the convention moved to insert at the end of the section the words: 'After his term of office shall have expired.' It was debated and rejected. This only means that the section does not mean there shall be no prosecution of an official until after the term expires. This section has been argued as if it applies only to the Governor. It applies to all State officials, including Circuit Judges."

County authorities have given no indication that they will attempt to use force in taking Gov. Small into court. If the Governor refuses to follow the lead of Lieutenant-Governor Sterling and Vernon Curtis by appearing in court to arrange bonds, it is predicted the case will rest in that condition until State Attorney Mortimer and his aides are ready to proceed with the case.

Company, Fourth Illinois Infantry, which was recently issued new equipment, was ordered to the State arsenal last night for drill and inspection. Officers of the company declared that the occasion was only the weekly inspection, but in some quarters the presence of soldiers in the arsenal on the eve of Judge Smith's opinion on the proposed arrest of Gov. Small was regarded as significant.

RALPH TRYING TO IMPROVE HOUSE ROADS MEASURE

Will Try Today to Have Senate Adopt Substitutes for Important Provisions of Bill.

PROVISION FOR DAMAGE TO ROADS

Amendment Limits Engineer's Salary, Depriving Upper Body of Strongest Trading Issue.

By a Staff Correspondent of the Post-Dispatch.

JEFFERSON CITY, July 26.—The Senate, in considering the House roads bill, which it is amending to conform in most important details to the Ralph bill in the Senate, this afternoon will reach the two important provisions, those apportioning the funds on the basis of \$6000 per mile for two roads in each county and the detailed designation of roads.

Senator Ralph will endeavor to make one or two provisions and to substitute for them the provisions of his bill, guaranteeing the expenditure of a minimum of \$200,000 in each county, and the designation of the present McCullough-Moran system as the new State highway system.

The Senate today followed up its action of yesterday in placing a maximum of \$7500 on the State highway engineer's salary by fixing the salary of the assistant chief engineer at a maximum of \$4000 and other engineers at a maximum of \$3600. This is an increase of \$1000 for the assistant chief engineer, and \$200 for the other engineers, over the provisions of the original Ralph bill.

An entirely new provision was added on motion of Senator Hostetler, of Polk County, to the effect that any person, firm or corporation, liable to civil damages for injury to a State road, the amendment is intended to enable the State to collect for damages caused by trucks loaded beyond the legal limit, and for damage by traction engines.

Senate Position Weakened.

The Senate position was materially weakened last night by an amendment offered by Senator Gray, by which until that time had stood firmly for the Ralph bill. Gray introduced and obtained the passage of an amendment to the effect that the chief engineer of the Highway Commission be \$7500 a year, and thus deprived the Senate of one of its strongest trading issues in the conference committee, to which the bill will go within a few days.

On all other important provisions considered last night the provisions of the Ralph bill were substituted for those of the House bill, but there remain to be considered the most important sections, those dealing with the apportionment of the funds, the minimum to be expended in each county, and the designation of the roads. If there are concessions made on these issues there will be very little for the Senate conferees to trade on in the committee.

Success by Ralph.

Ralph succeeded on one very important point in the early consideration of the bill. He obtained the adoption of an amendment striking out the House provision fixing clay bound gravel roads as the only type of gravel roads which could be built, and also having inserted the clause declaring that dirt roads were not to be considered hard surfaced roads.

Under the amendment offered by Ralph the bill would have read "gravel roads" instead of "clay bound gravel" roads. Senator Cunningham of Shannon County sought to substitute a provision which would have retained the clay bound gravel designation, but which would have defined "clay bound" to mean a composition of clay and gravel with such proportion of each to form a hard and compact surface.

He later withdrew his substitute, and after much discussion, Senator Blodgett of St. Louis offered one which defined hard surfaced roads as roads built "of concrete, comparable types, macadam, gravel or the equivalent of gravel, to be approved by the commission." Under the clay bound gravel provision, which was the type of gravel road required in any particular case.

A Lyman Donlin of St. Louis, representative of L. R. Kelso, who under the name of the Federation of Commercial Clubs has conducted propaganda against the hard-surfaced road program of the Senate, ruled out of the floor of the Senate today by Lieutenant-Governor Lloyd.

Donlin had been occupying a seat at the press table on the strength of a letter from a small weekly newspaper in Randolph County stating he was its representative, but he had been doing no newspaper work.

Lloyd ruled press table seats were only for those actively engaged in newspaper work.

THIEF POSES FOR PICTURE BEFORE ROBBERY

Photographer at 3430 Olive St. Takes Revolver From One of Two Youths, but Finds Weapon Empty.

SECOND YOUNG MAN DRAWS A STILETTO

Pair Get \$80 and \$200 Jewelry From Joseph Debelles and His Wife, Then Escape in Auto.

When Joseph Debelles, a photographer at 3430 Olive street, reported at 4 p. m. yesterday that he had been robbed in his studio, he handed to the police a photograph of one of the robbers which he had taken a few minutes before.

Two young men came to the studio at 3 p. m., said they would be back after they had obtained money for a sitting and upon their return in an hour one of the young men did pose. As he arose from a chair in which he had sat, he drew a revolver and commanded Debelles and his wife, Elizabeth, to hold up their hands. The second young man drew a stiletto. They took \$80 from a cash drawer, a \$20 gold piece which Debelles was carrying in his trousers, and two diamond rings valued at \$200 from Mrs. Debelles.

Revolver Is Unloaded.

The robbers were compelled to pass Debelles as they went toward the exit door. Debelles grappled with the youth who had the revolver and wrested it from him. He then pointed the revolver at the youths and told them to hold up their hands. They laughed. Debelles pulled the trigger. There was no explosion. Later, he found that the revolver was empty.

Woman Attacked in Room.

Mrs. Edna Edgar was awakened from a nap in her home at 311 Buchanan street at 4 p. m. by an intruder in her room. When she demanded to know what he wanted, the intruder seized her by the throat. She screamed and the man ran out.

Burglars got clothing valued at \$400 from the tailor shop of Russell Harris at 2319 Geyer avenue last night.

G. H. Buehl, manager of the Senator Chemical Co., 319 Gratiot street, reported that a six-gallon can of grain alcohol was stolen from the company's store room last night. Buehl said the burglar alarm had been tampered with.

Storekeeper Is Robbed.

The action of two men in inquiring about prices aroused the suspicion of Abraham Bersheim in his store at 1301 Wash street at 8 p. m. He said to his partner, Mark Novak, in Yiddish: "Get the police." As Novak departed the men attacked Bersheim. He resisted until they struck him on the head with some instrument. When Novak returned with the police Bersheim was on the floor suffering from scalp wounds and \$42.75 was gone from the store.

Three men stole \$150, payroll money for drivers of the Theodore Mertens Ice and Coal Co., from the office of the company at 3143 North Thirteenth street at 4:30 p. m.

One of the men, who was armed, stood guard over three persons in the office who were compelled to lie on the floor. The two other robbers ransacked the office until they found the money in a package in a desk drawer. The victim ran three blocks to Blair avenue and Branch street, where they entered an automobile in which a fourth man was waiting and drove off.

The police were given an automobile license number which they traced to a woman residing on Enright avenue. She said that a relative, a young man, had taken the car yesterday without her permission.

No "Near Famine" or Epidemic of Pellagra in the South

Continued From Page One.

Nothing Alarming About Situation in Arkansas.

LITTLE ROCK, Ark., July 26.—There is no "semifamine" in Arkansas, and pellagra is no more prevalent than in previous years, according to Dr. C. W. Garrison, State health officer.

Dr. Garrison said that while there had been an increase in pellagra, the number of cases reported did not indicate that there was anything alarming in the situation. He said that an increase might be expected at this time of year. The total number of cases, however, shows a decrease rather than an increase when compared to several recent years.

No such conditions as were described in President Harding's letter exist in this State, he said.

Fewer Cases in Tennessee Than in 1919 or 1920.

NASHVILLE, Tenn., July 26.—Reports to the Tennessee State Board of Health do not indicate anything unusual in pellagra conditions, according to Dr. Olin West, secretary of the board. There were fewer cases in Tennessee in June, 1921, than in June, 1920, or 1919.

Fewer Deaths in Alabama Than in Preceding Year.

MONTGOMERY, Ala., July 26.—The report of the State Board of Health of Alabama shows that there was a decrease last year in the number of cases of pellagra in the State, and there were fewer deaths from this malady than in the preceding year.

No Famine or Epidemic Threatened.

DALLAS, Tex., July 26.—Famine is not threatened in any section of Texas and that portion of Oklahoma, Louisiana, Arizona and New Mexico embraced in the Eleventh Federal Reserve District, and neither is there danger of an epidemic of pellagra in those sections, according to Federal officials here.

MOVES TO RELIEVE THE SOUTH AFTER PRESIDENT'S PLEA

By the Associated Press.

WASHINGTON, July 26.—Federal agencies, acting at President Harding's direction, are working at emergency speed to relieve conditions in a large section of the southern cotton belt, which are reported by the Public Health Service to threaten a near state of famine, coupled with a widespread epidemic of pellagra. Alarmed by the report of conditions, which are attributed to the economic plight of cotton growers

resulting from depression in the cotton market, President Harding yesterday called upon the Public Health Service and the American Red Cross to make an immediate investigation to ascertain the actual conditions and to see no time in applying an effective remedy.

Latest reports received by the Public Health Service were said to indicate that pellagra this year in the cotton belt would claim about 100,000 victims, of whom it was estimated 10 per cent would die.

"That pellagra would show a heavy increase this year was foreseen last fall when the cotton market failed," said a statement issued by the health service.

CONFESSIONS OF PLAYERS READ AT BASEBALL TRIAL

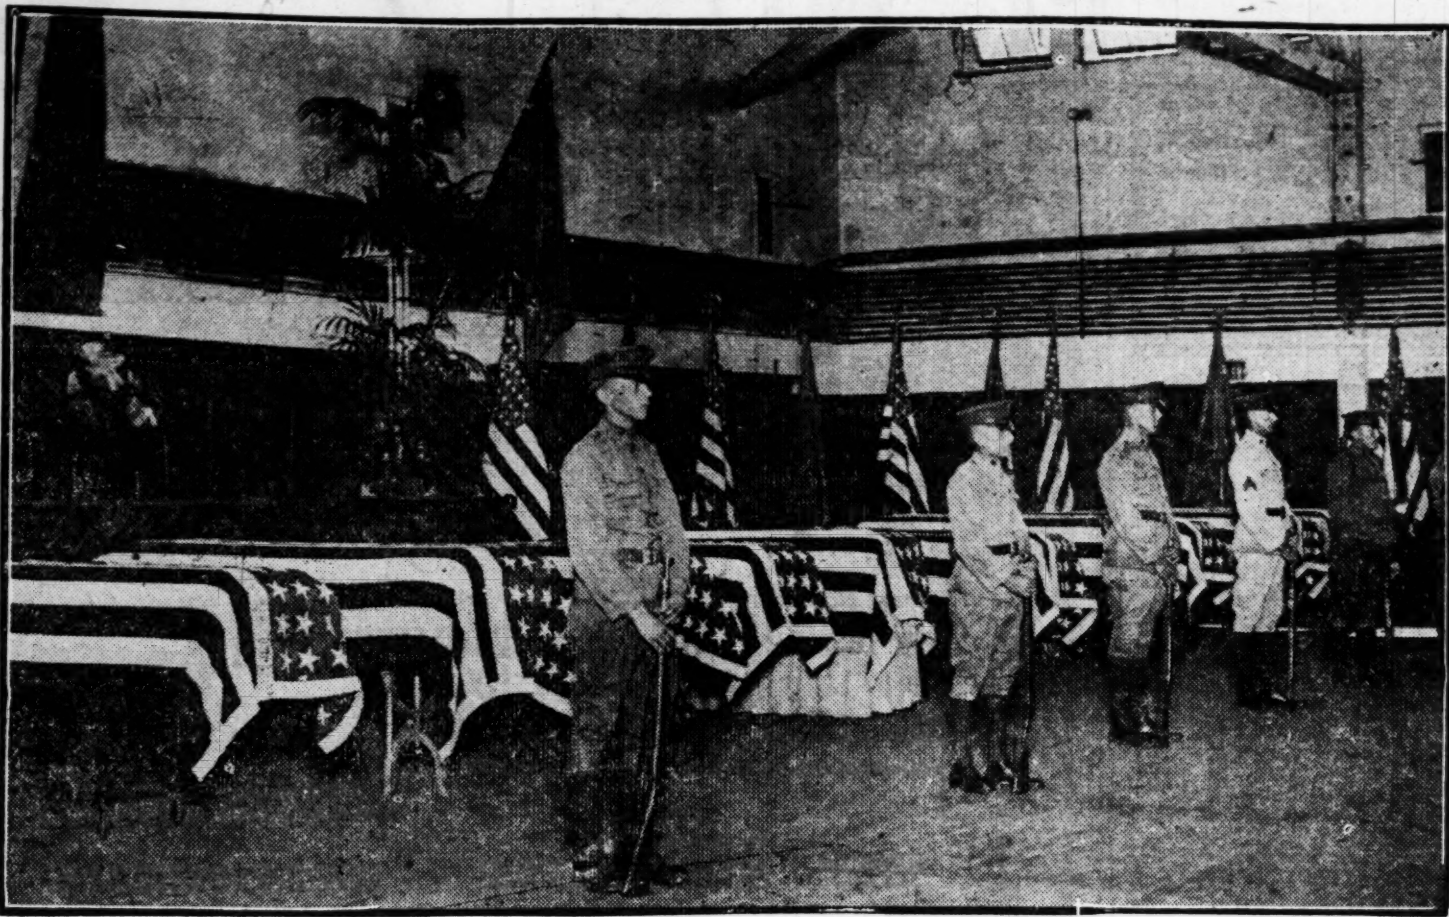

Reading of Cicotte's State-
ments Delayed by Neces-
sity of Omitting Names of
Others Than Himself.

Authenticity Not
To Be Contested

Johnson Says He Has
Evidence Group in New
York, Headed by Rothstein,
Bought Missing Papers.

By the Associated Press.
CHICAGO, July 26.—When Wal-
ter J. Smith, court stenographer,
took down Eddie Cicotte's grand
confession began reading the
confession in the baseball trial today.
Many objections were raised by
the defense that it was necessary to
omit certain names temporarily.
Since a confession can be used
against the man making it,
it was not allowed to mention
names except Cicotte's. The de-
fense maintained that such words as
"outfielders" and "infielders"
also were barred.
Judge Friend ordered the attor-
neys to reach an agreement on the
reading of the confessions before
presenting them in court, but after
hours of argument only two
pages of Cicotte's 32-page statement
were read.
The confessions finally were read
by the jury by Edward Prindleville
of the prosecution, the revision of
him making it almost impossible
for Smith to read them from his
seat.
The defense agreed not to dispute
the authenticity of the confessions.
The Johnson Announces Evidence
of Missing Papers Was Bought.
A scandal within a scandal de-
veloped yesterday when Ban John-
son, president of the American
League, sent word to Robert Crow,
Cicotte's attorney, that he had evi-
dence that Arnold Rothstein of New
York, whose name has been promi-
nent in the case, but who was not
indicted, and other Easterners, paid
\$10,000 for copies of the grand jury
statements for the immunity
pleas, confessions and other docu-
ments. Crow said he would
have an immediate investigation.
"I charge," said Johnson's commu-
nication, "that Arnold Rothstein
paid \$10,000 for the grand jury con-
fessions of Edward Cicotte, Claude
Williams and Joseph Jackson. I
charge that this money, brought to
Chicago last fall by a representative
of Rothstein, went to an attaché
of the State's Attorney's office; that
Rothstein had examined these con-
fessions in New York City and
found that the ballplayers had
involved him, he gave the docu-
ments to a friend, the managing edi-
tor of a New York newspaper."

Judge Friend yesterday ordered
the confessions of Cicotte, Jackson
and Williams to the grand jury con-
fessions were paid from \$100 to \$10,000
throw games admitted as evidence,
the fact that the three men
stood in their own defense
and more they had been promised
immunity.
Judge Charles A. McDonald, who
ordered the baseball scandal investi-
gation, did some heavy hitting for
the State by following the players
with testimony that they never
admitted anything; that they signed
immunity waivers and that they
were plainly told that they would
be given no consideration by the
State's attorneys.
Judge Friend then ruled that in
view of the original signed confes-
sions of the men, now missing, the
State could have the court stenogra-
pher at the grand jury inquiry read
their shorthand notes the testi-
mony of the three players. He
gave permission for Judge McDon-
ald and others to whom the play-
ers told their stories before going
to the grand jury to testify as to
their conversations, the State thus
being able to present a series of iden-
tical confessions instead of only one.
Cicotte, Jackson and Williams test-
ified with the jury absent, their
testimony dealing only with the ad-
missibility of the confessions. Chew-
ing gum vigorously and speaking in
a very low but distinctive tone, Ci-
cotte brought silence in the court-
room when he told how he had
been down before Judge McDon-
ald and with tears in his eyes con-
fessed to him.
Cicotte's Testimony.
"I have cried openly over this
the once great pitcher said
but I weep and wall as some-
times, but I guess there were plenty
of tears in my eyes and the crying
I have done inwardly is much great-
er than the tears which actually
came out."
When Judge McDonald had fin-
ished denying the statements the
attorneys attributed to him that he
promised them immunity," he
turned over to Cicotte and Jackson.
"Hello Eddie," he said, "I'm sorry,
I had to tell the truth."
Cicotte smiled. "Hello, Judge,"
he said.
Judge McDonald not only denied
that immunity was promised the
players, but followed with testimony in
the presence of the jury which con-
firmed much of Bill Burns' story.
Cicotte as telling him the al-
leged conspiracy was started at the
Columbia Hotel, New York, in a con-
versation between Cicotte and "an-
other party." Judge McDonald not

Rothstein Denies Truth of Statement
He Bought Confessions.
By the Associated Press.
NEW YORK, July 26.—Arnold
Rothstein vigorously denied last
night the statement from Chicago
that he had paid \$10,000 for the
confessions of the indicted White
 Sox, saying:
"In the first place, it is a lie, pure
and simple. In the second place, I
do not believe Ban Johnson ever said
it. It looks as if I would have to go
to Chicago once more to protect my-
self from these slanderous out-
bursts."

Served on Mexican Border.
Lieut. Schelle, who enlisted in
the First Regiment in 1915 and
served with it on the Mexican border
in 1916, was with his regiment when
it was merged into the 138th early
in the war and in the autumn of
1918 he served with it in the A. E. F.
as commander of E Company and
regimental Adjutant. He was mortally
wounded late in September of
that year after he had been made a
Captain by special order, and died
of his wounds on Oct. 1.
Lieut. Schelle was acting in com-
mand of his company and his pro-
motion to a captaincy was on recom-
mendation of Col. George P.
White, commanding the regiment,

but for lack of opportunity he never
formally accepted the promotion.
Eight months after his death a letter
came to his home from the War
Department, requesting a formal ac-
ceptance.
On notification that he was dead
the department declared that he was
not on the records as a Captain and
refused to recognize the promotion.
His grave here will be marked to
show he died a Captain. He was a
son of Mrs. Emily Schelle of 3123
Allen avenue.

Double Funeral Will Be Held for
Half Brothers.
Joint funeral services will be held
Thursday morning for Private Jo-
seph J. Jung, who was killed in
France July 15, 1918, and for his
half brother, Frank Stockman, who
died suddenly July 18. They were
sons of Mrs. Anna Jung of 1219 South
Thirteenth street. Services will be
held at 8:30 a. m., Thursday, at St.
Peter and Paul's Church, with burial
in St. Peter and Paul's Cemetery.
Private Jung served in I Company,
Seventh Infantry, in France, and his
body was among the 22 which ar-
rived from Hoboken last night.

City Airplane Regulations
Approved by Service Board
All Flyers From Forest Park Field
Must Be Licensed by
Aero Club.
The Board of Public Service today
approved Director of Public Welfare
Cuniff's regulations to govern air-
planes flying from the Forest Park
aviation field.
They provide that all aviators fly-
ing from the field must have been
licensed by the Aero Club of Amer-
ica or have been qualified by the
army.
All planes must be inspected un-
der the direction of the Aero Club of
St. Louis and the Department of
Public Safety.
The Park Commissioner will issue
permits for the use of the field, but
no permit will be granted to charge
fees for taking up passengers.
Minimum heights for flying are
prescribed as follows: Over Forest
Park and within a radius of one-half
mile from the field, 1000 feet; from
one-half to one mile from the field,
2000 feet; in the central portion of
the city between Grand and Jeff-
erson avenues, 3000 feet; between Jeffer-
son avenue and Eighteenth street,
4000 feet; from Eighteenth street to
the river, 5000 feet, and over the
northern and southern portions of
the city, 2000 feet.
No "stunt flying" is to be per-
mitted within the city limits and no
flying after sundown or before 7
a. m.
Persons using the field for a pe-
riod of more than 48 hours must
give the city an indemnity bond of
\$10,000 to cover damage that might
be caused by a machine carrying one
passenger. For a machine carrying
more than one passenger the bond
will be \$30,000.

Body Found in Meramec.
The body of Ross Gilliam, 30 years
old, a stationary engineer, 9500
South Broadway, who was drowned
in the Meramec River Sunday after-
noon near Ponton, was found this af-
ternoon entangled in a trot line a
mile below the scene of the accident.
Gilliam was swimming with his 8-
year-old daughter when the child
became frightened and clutched him
around the neck. He disengaged her
arms, but was carried away by the
water. The child was rescued.

Father Sheehan in Hospital.
The Rev. William T. Sheehan,
pastor of St. Crispin's Cathol-
ic Church, is critically ill at St.
John's Hospital with little hope
of recovery. The parish reu-
nion, which was to have been
held at Normandy Grove Satur-
day, has been indefinitely postponed.

LIEUT. WINZBURG DIES OF WOUND RECEIVED IN 1917

Officer Who Was Struck by Stray
Bullet in Camp Expires at Jef-
ferson Barracks.
First Lieutenant Roy G. Winz-
burg, 27 years old, of 25 Highland
terrace, Richmond Heights, formerly
of the 138th (St. Louis) Infantry,
who was wounded in 1917 at Camp
Doniphan by a stray bullet, died at
3:30 p. m. yesterday at the post hos-
pital at Jefferson Barracks.
Lieut. Winzburg was in his tent
at Camp Doniphan when a bullet,
fired by a sentry at a private who
refused to halt, entered his tent and
struck him in the back. From that
time the Lieutenant had been an
invalid, having undergone 26 sur-
gical operations to stay the progress
of the wound.
Two years ago Lieut. Winzburg
sought to divorce his wife, whom he
married in 1916, alleging incompati-
bility. The trial was held at Clay-
ton, and he was taken to the court-
house in an ambulance and testified
while lying on a cot. The divorce
was denied.
Mrs. Winzburg then filed suit
for damages against her husband's
parents, alleging alienation of his
affections. She obtained a verdict
for \$20,000 damages, but a stipula-
tion later was filed dismissing the
suit. One of the attorneys said a
money settlement had been made.
The widow lives at 60484 McPherson
avenue.

Accusation Against Lusk
New York Senate Leader Said to
Have Accepted Dinner Service Gift.
Special to the Post-Dispatch.
NEW YORK, July 26.—Not since
1909, when Jotham P. Allis, then
Senate leader, was ousted from the
Legislature for taking \$1000 to kill
a bill, have the Republican legisla-
tive bosses been face to face with a
more embarrassing situation than
that resulting from the revelation
that Republican Senate Leader Clay-
ton R. Lusk accepted for his wife a
\$131 silver service from New York
detectives for whom he passed a bill
increasing their salaries and giving
them permanent tenure of office.
Occupying a position second in im-
portance only to the governorship,
Senator Lusk, who has been groomed
by Gov. Miller to fill the executive
chair, is threatened with a demand
that he resign his leadership. Re-
publican Senators are suggesting a
round robin petition requesting him
to surrender his place as temporary
president of the Senate.

POLICEMAN LOSES HIS JOB

The Board of Police Commissioners
this afternoon dismissed Police-
man Robert Feldhaus, 32 years old,
1623 Taft avenue, from the police
force for being absent from the city
without leave and failure to answer
roll call. Feldhaus, who has been
on duty in the Carr Street District,
pleaded guilty to the charges.
He said that on June 28 he had
gone with his brother in an automo-
bile to look at some property near
Alton. Coming back to St. Louis, he
said, the car broke down and he
was unable to appear for roll call at
3 o'clock that afternoon.

A SECOND TESTIMONIAL DINNER
within a week was given last night at
the Washington Hotel to John D. Blong, for 22
years a clerk in the Police Department, who
will be promoted to accept a position in
the Los Angeles Police Department. Last
night a dinner was given by Chief of Police
O'Brien to about 100 friends.

"The Noiseless Route"

INFORMATION FILED ASKING FOR OUSTER OF COUNTY SHERIFF

Charges Against Willmann
Prepared by Prosecuting
Attorney Mueller and Affi-
davits Are Attached.

ACCUSATION IS
NEGLECT OF DUTY

Mueller Says Investigation
Will Continue and Addi-
tional Evidence Will Be
Placed Before Grand Jury.

Charges of neglect of duty were
filed in the Clayton Circuit Court to-
day by Prosecuting Attorney Mueller
against Sheriff John F. Willmann,
alleging that the Sheriff failed to en-
force the State prohibition act, al-
though he had knowledge of viola-
tions of the law.
The complaint is in the form of a
petition, with the State of Missouri
at the relation of the Prosecuting
Attorney as plaintiff and Willmann
as defendant. It charges on the af-
fidavits of A. H. Werneymeyer, a Jus-
tice of the Peace, and Albert V.
Stuckman, former Deputy Sheriff,
that the Sheriff failed and refused to
perform his official acts and duties.

The prayer of the petition is that
the defendant may be adjudged guilty
of violation and neglect of his of-
ficial duty and failure to enforce the
criminal laws of the State and that
he be ousted from office.

The first specification is that on
July 9, on the Louis A. Wolfberger
farm on the Olive street road, the
Sheriff saw violations of the crim-
inal laws in the manufacture and
possession of intoxicating liquors
and that he failed to arrest the vi-
olators or file complaints against
them and refused to seize or destroy
the equipment and permitted man-
ufacture and transportation to con-
tinue until July 17, when, by reason
of his failure to act, it became nec-
essary for the Government agents
to make arrests.

"Refused to Act Himself."
The information charges that the
Sheriff on numerous occasions was
informed by Stuckman that the
criminal laws of the State were be-
ing violated and that these places
were pointed out and designated by
Stuckman, and that the Sheriff di-
rected Stuckman to make no investi-
gation and to make no arrests for
such violation. It also charges that
the defendant failed, neglected and
refused to act himself, or permit any
deputies or any other persons to
make an investigation; also, that on
a certain occasion, Stuckman pointed
out and directed the attention of the
Sheriff to a certain building in St.
Louis County, and informed him he
had reason to believe that liquor
was being manufactured there.

The Sheriff is alleged to be guilty
of unlawful, willful, corrupt and
fraudulent violation and neglect of
his official duties "in that on a cer-
tain occasion he upbraided and re-
primanded Stuckman for having re-
ported the result of an investigation
concerning a violation of the prohibi-
tion law and informed Stuckman
that his action in reporting the vi-
olation had interfered with the de-
fendant's opportunity to receive a
bribe."

The information also contains ref-
erence to the charge made in the af-
fidavits that the Sheriff rented the
barn on the farm of Mrs. Alma Wil-
lmann in January and stored there
barrels used as mash and fermenting
tubs, and that about two weeks later
the barrels were used by certain
persons in the unlawful manufacture
of intoxicating liquor.
Charges Neglect of Duty.
The complaint says it was the duty
of the Sheriff to immediately file
the complaints of violations of the
law before the Prosecuting Attorney,
and that by reason of failures, re-
fusals and neglect to discharge his
duty imposed upon him by law, the
Sheriff has been guilty of willful,
corrupt and fraudulent violation and
neglect of his official duties.
The case will be made returnable
at the September term of court. The
Prosecuting Attorney said his investi-
gation of county conditions as to
the liquor traffic would continue and
that he might have additional facts
to submit to the grand jury, which
will convene in September.
Mueller said he would ask the
Court to appoint someone to act
temporarily as Sheriff in serving the
processes incidental to the case
against Willmann. This is provided
for in the State prohibition act. It
does not mean that Willmann will be
under suspension. He will continue
in office as Sheriff under trial, but
will perform none of the Sheriff's
duties affecting his own case.

Statement by Sheriff's Attorney.
A. E. L. Gardner, counsel for
Sheriff Willmann, today made the
following statement concerning the
charges contained in the affidavits:
"The whole matter has been fab-
ricated. That is obvious from the
wording of the affidavits. Sheriff
Willmann has ample evidence to
show that the statements against
him are false. He has no fear of
the outcome and welcomes the op-
portunity to meet the issue in an open
trial. A trial by jury will give him
opportunity to show how preposterous
the charges are."

Stuckman told a Post-Dispatch re-
porter today that a man represent-
ing himself as an emissary of Sher-
iff Willmann called on him three
times last Sunday evening and re-
quested that he visit the Sheriff's
home on the Mosely road.
"I ignored the first two requests,"
said Stuckman, "but finally, after
being asked the third time, went
out to see what the Sheriff wanted.
He told me that he was a very sick
man and told me that he did not
want me to feel bitter against him.
I told him that I bore no ill will
against him, and that there was
nothing personal in what I had done.
We then chatted about various mat-
ters for a short time and I depart-
ed."

LEGAL 'AVOIDANCE' OF TAX CAUSE FOR VANISHING OF MILLION-DOLLAR INCOMES

WASHINGTON, July 26.—
THE answer to the riddle of the
vanishing millionaires was advanced by
Secretary Mellon.
Commenting on recent statis-
tics of the Internal Revenue Bu-
reau, which showed that the
number of persons in the coun-
try with net incomes of \$1,000-
000 or over had declined from
206 in 1916 to 65 in 1919, the
secretary declared the number
had been cut down in some in-
stances through legal "avoid-
ance" of income taxes.
A man with a million dollars
of taxable income," he explained,
could divide his property among
his children and thus avoid the
high surtax bracket by making
the percentages applicable for
the amounts in which the prop-
erty was divided—as four dif-
ferent incomes of \$250,000 in-
stead of one of \$1,000,000.

tain occasion he upbraided and re-
primanded Stuckman for having re-
ported the result of an investigation

tion law and informed Stuckman

olation had interfered with the de-

OPPOSITION TO STATE
BONUS BONDS DENIED

St. Louis Organizations Resent Charges Made by Missouri Legion Commander.

Representatives of St. Louis civic organizations met yesterday at the Chamber of Commerce building to take action on a bulletin issued by John F. Williams of Joplin, Mo., commander of the Missouri Department of the American Legion, charging that the proposed State bonus for ex-service men to be voted on at the special election Aug. 2, was being "knifed in the back" by certain civic organizations here. The meeting was called by Charles F. Hatfield of the Convention Bureau. Members of the Legion were invited to be present, and several local officers of the organization attended.

After considerable discussion the following resolution, which was introduced by E. J. Troy, representing the Manufacturers' Association, was adopted: "Resolved, that in the friendly spirit we call to the attention of the American Legion commander of the department of Missouri that at a meeting of civic organizations and representatives of the American Legion it was officially decided those present that the opinion he arrives at regarding St. Louis is not entirely in keeping with the facts."

Proposition Is Bond Issue.

The bonus proposition to be voted on is a bond issue of \$15,000,000 for the payment of \$10 for each month of service by soldiers, sailors and marines, no payment to exceed \$150.

Williams, in his bulletin, warned local legion members to be on their guard against those in this city who are opposed to the bonus. "They have done a good job up to this time and we can't even put our fingers on whom they are," he said. He set forth that the United States Chamber of Commerce "was credited with killing the Federal bonus and it is my opinion that these same organizations have put the word out quietly to kill this State bonus and to kill the Legion."

In this connection he mentioned the local members of the National Chamber of Commerce, including the St. Louis American Wholesale Garment Association, Associated Coopers Industries of America, Chamber of Commerce, Insurance Federation of Missouri, Manufacturers' Association, Merchants' Exchange, National Association of Dryers and Cleaners, National Automobile Dealers' Association, National Leather and Shoe Finders' Association, National Ornamental Glass Manufacturers' Association of United States and Canada, North St. Louis Business Men's Association, St. Louis Lumber Trade Association and the St. Louis Wholesale Grocers' Association.

Membership Commented On.

In regard to this city's alleged attitude toward the legion, the bulletin set forth: "With 62,000 men to draw from, St. Louis has about 3000 members of the legion. Why is that? Is it the big German population of St. Louis? What influences are at work in that city which was the birthplace of the legion? You boys will have to figure it out. I have tried for 10 months in vain. In other places in Missouri the legion has grown."

Hatfield, who acted as chairman, said that the bulletin was an unfair attack on this city. He said that so far as he knew none of the organizations had taken action in regard to the State bonus. He explained that the action taken by the Chamber of Commerce in regard to the Federal bonus was merely that it be postponed. Nat L. Moffitt, president of the Merchants' Exchange, explained that the exchange had taken no part in any attempt to defeat or postpone the bonus. Similar denial was made by all of the representatives of the civic organizations present, several of whom said they did not previously know that there was a proposition of the kind to be voted on. Denial was also made of any opposition to the legion as an organization.

Spokesmen for the Legion.

Spokesmen for the American Legion present at yesterday's meeting were Jerome F. Dugan, Raymond E. La Driere, Francis E. Turin, editor of the Legionnaire, and William S. Bedal. Bedal said he regretted that publicity had been given the bulletin and he made a motion to exclude newspaper reporters from the meeting, but the motion was defeated. A telegram which Turin sent to Williams was read. In it Turin denied charges made by Williams and declared that this city would give the bonus plan a big vote. He also said that Mayor Kiel had said he was not only for the State bonus, but for the Federal bonus as well.

Representatives of the business organizations who attended the meeting were: Charles F. Hatfield, Convention Bureau and a national counselor of the United States Chamber of Commerce; Walter B. Weisenburger, Chamber of Commerce; N. L. Moffitt, Merchants' Exchange; George Knapp, National Leather and Shoe Finders' Association; E. J. Troy, Manufacturers' Association, and a member of the National Automobile Dealers' Association.

A mass meeting of service men will be held at the First Regiment Armory tomorrow evening to urge the passage of the State bonus.

Negro Admits Check Charges.

George Washington, 27 years old, a negro, who, the police say, is known as "Salary" Banks, living at 2244 Olive street, admitted following his arrest yesterday that he had passed seven worthless checks ranging from \$14 to \$31.50 since the early part of April. Police say Washington is an ex-convict, having served a three-year term in Jefferson City in 1915. He was arrested in the saloon of Charles Graffigna, 1035 North Second street, when he attempted to cash a check for \$21.50.

Child's tongue

Give "California Syrup of Figs" only—Say "California"

If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. Give a teaspoonful of "California Syrup of Figs," and in a few hours all the wasted poison, undigested food and sour bile gently pass without griping, and you have a well, playful child again. Mothers can rest easy after giving this harmless laxative, because it never fails. Children dearly love its delicious, "fruity" taste. Full directions for babies and for children of all ages printed on each bottle. Beware of counterfeits. Mother, you must say all the good words, undigested food and sour bile gently pass without griping, and you have a well, playful child again.

10 PERSONS INJURED
IN MOTOR ACCIDENTS
Woman Suffers Fractured Skull
When Knocked Down at
18th and Olive Sts.
Mrs. Margaret Bracht, 56 years
old, of 1612 Biddle street, suffered a
fractured skull and scalp wounds
yesterday, when knocked down by
an automobile driven by Frank E.
Rogers of 1421 North Twelfth street,
a switchman, at Eighteenth and
Olive streets. She was taken to her
home. Rogers was arrested.
Four persons were injured when an
automobile driven by George
Twelbeck, 54, of 1331 Madison street,
a janitor, collided with a lamp post
at 4101 West Florissant avenue yes-
terday afternoon. Twelbeck told the
police he swerved to avoid a wagon
and the machine went into the pole.
He was cut and bruised. The others
injured were: his daughter-in-law,
Mrs. Mary Twelbeck, 27, of 1406
Monroe street, and her two daugh-
ters—Esther, 7, and Mary, 4. They
were cut and bruised by glass from
the windshield. Twelbeck was ar-
rested.
John Ollinger, 36, of 2901 Osage
street, was knocked down and
dragged for 10 feet by an automo-
bile driven by William P. Spelker,
of 2014 Olive street, a service car
driver, on Locust street in the 2300
block yesterday. Ollinger had parked
his automobile on the south side of
the street and was walking to the
north curb when he was struck. He
suffered injuries to the back, scalp
wounds and cuts and bruises. He
was taken to his home.
Wilford Wentzel, 23, of Affton,
Mo., his wife, Marie, and their
daughter, Evelyn, 3, were cut and
bruised at 4 a. m. today when a
produce wagon on which they were
riding was struck by a newspaper
truck driven by Andrew Schroeder
of 2518 California avenue, in front
of 2626 South Broadway. They were
taken to their home.
William Blum, 3312 Winnebago
street, suffered cuts and bruises
when he was thrown from a motor
cycle wrecked by an automobile
driven by George Miller of 4631
Louisiana, at Grind avenue and
West Pine boulevard.

GIRLS! LEMONS
WHITEN SKIN AND
BLEACH FRECKLES
Recipe for a Bleaching Lo-
tion Which Does Not Irritate
Squeeze the juice of two lemons
into a bottle containing three ounces
of Orchard White, which any drug
store will supply for a few cents,
shake well, and you have a quarter
pint of harmless and delightful lemon
bleach. Massage this sweetly frag-
rant lotion into the face, neck, arms
and hands each day, then shortly
note the beauty and whiteness of
your skin.
Famous stage beauties use this
lemon lotion to bleach and bring that
soft, clear, rosy-white complexion,
also as a freckle, sunburn, and tan
bleach because it doesn't irritate.

REDUCTIONS IN STATE TAXES APPROVED

Senate and House Concur in Cuts
in Line With Governor's
Suggestions.

By a Staff Correspondent of the
Post-Dispatch.

JEFFERSON CITY, July 24.—
The Legislature yesterday com-
pleted its program of tax reduction
when the Senate and House con-
curred in conference committee re-
ports on disputed points in the in-
come, inheritance and direct State
taxes. The net result as reflected in
the bills passed will be as follows:
The income tax is reduced from
1 1/2 to 1 per cent, exemptions re-
maining as at present.
Direct levy for State revenue is
reduced from 10 to 7 cents on the
\$100.

Corporation franchise tax is de-
creased from \$1 to 50 cents on the
\$1000 of capital stock and assets.
Exemptions under inheritance tax
are increased to \$20,000 for widow
or widower, exclusive of dower; and
to \$15,000 for defective children.
Friends of the administration are
scattering propaganda to the effect
that these decreases will lessen the
State revenue \$4,500,000, which is
regarded as a rather optimistic esti-
mate, conservative taxing authorities
taking the position that it is impos-
sible at this time to predict what
taxes the rates to be changed will
yield, especially in view of the state
of business.

The decreases made by the Leg-
islature are practically in line with
the suggestions of Gov. Hyde, de-
cided upon after Republican party
leaders had realized that something
must be done to offset the revenue
evoked from rural counties by the
increase in valuation of farm prop-
erty made by the State Board of
Equalization this year. The bills
now go to Gov. Hyde for his signa-
ture.

Our August, 1921, Sale of Furs

Offers the Most Advantageous Selection
in Many Years

OUR collection is larger; Furs are more beautiful and of
finer quality; styles were never so charming and
graceful or in greater variety and, as a "happy ending,"
prices are considerably less than they have been for several
seasons; less than they will be later this year.

And Guaranteed Until December 1st

This coming season every woman, who would be fashion-
able at all, will be wearing Furs—no doubt a luxurious Fur
Coat (they are predicted a greater than ever vogue this
year)—that is why we made such extensive preparations
for this renowned August Sale event—planning for months
so that we could offer St. Louis women the most beautiful
Fur garments in the world—at the lowest possible prices.

We are very proud of the dis-
play and know that you will be
as interested and gratified as have
the hundreds of other women who
have made selections yesterday
and today.

FIRE DESTROYS 50 CABINS ON ONE DECK OF MAURETANIA

Blaze on Cunard Liner at Southampton Dock; Famous Carved Wood Paneling Undamaged.

By the Associated Press.

SOUTHAMPTON, July 26.—After a battle lasting more than 12 hours the flames on board the Cunard Mauretania, which broke out as she was lying at her pier here yesterday afternoon, were finally conquered by the firemen early today, but not before the interior of the mammoth liner presented a sorry spectacle from fire and water.

The damage is not so extensive as was feared at first, but it is serious enough, and considerable time will be required to put the big vessel into shape. Meanwhile the passengers booked to sail on the Mauretania will be transferred to other ships. No estimate of the damage in money is possible as yet.

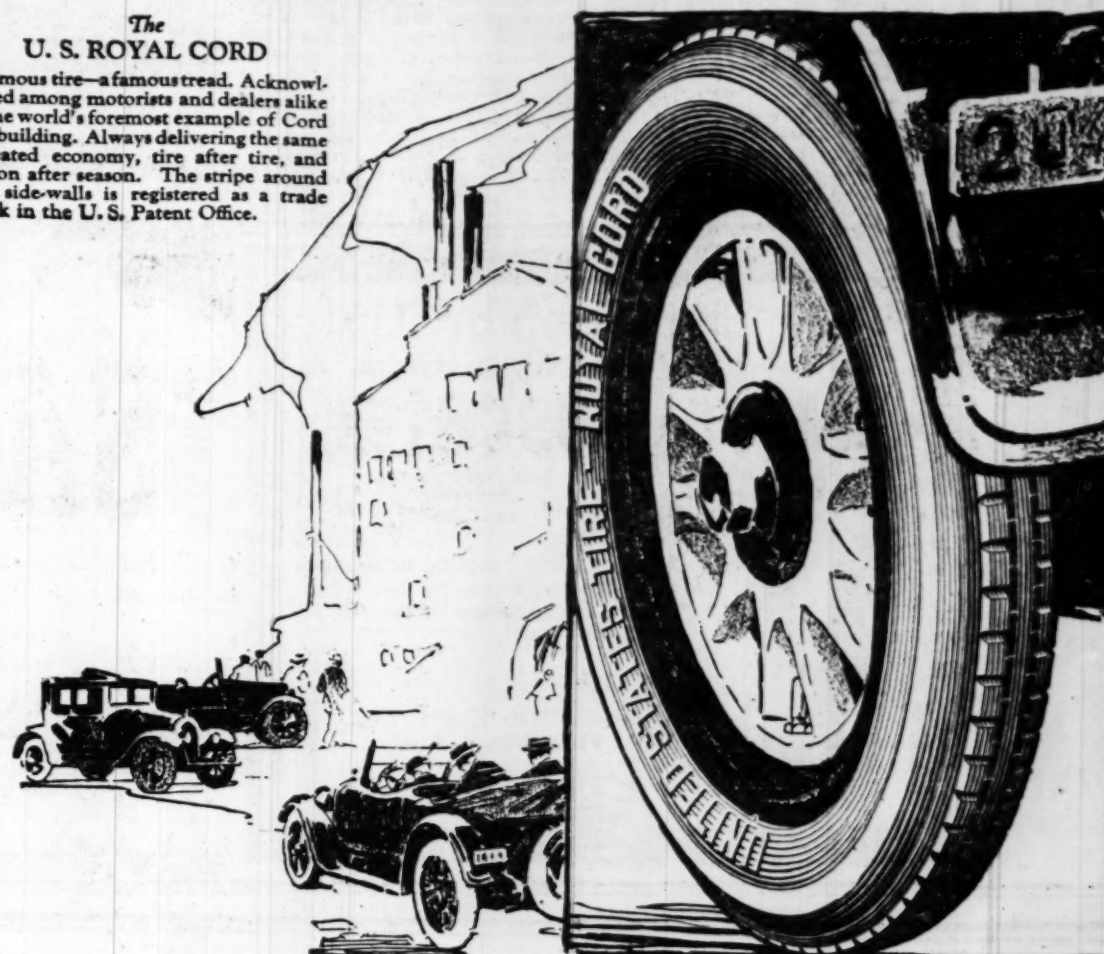

The fire originated in a first-class cabin on the starboard side of the E deck, and 50 cabins on that deck, extending across the ship and forward of the engine room bulkhead for 80 feet, were destroyed. The flooring of the main saloon on the D deck was badly burned and buckled.

The priceless carved wood paneling in the saloon, for which the Mauretania was famous, is untouched except for a few scorched places. Other parts of the ship were badly damaged by water.

Four firemen were sent to a hospital for treatment after inhaling smoke.

The U. S. ROYAL CORD

A famous tire—a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season. The stripe around the side-walls is registered as a trade mark in the U. S. Patent Office.

**The truth a year ago:
a bigger truth to-day—
"Go to a legitimate dealer
and get a legitimate tire"**

IF it were possible for the thousands of U. S. dealers to gather into one big national convention, the public would have a surprising picture of good tire merchandising.

Probably you would see banners reading like this:—

"We sell tires and tire service—not discounts."

"Our customers demand the *par quality* tire at a *net price*."

"Ask us about the leadership of U. S. Royal Cords."

"The public wants values instead of discounts."

The sale of U. S. Royal Cord Tires in June, 1921, more than doubled that of June, 1920.

People have accepted U. S. Royal Cords as the tire that

all other tires are measured by today. The *par quality* tire at a *net price*.

In time to come, the significance of the present year will be even more apparent than now.

1921 will stand out as the year when the public declared itself.

When people refused to be mere *transient* tire trade.

When they turned their backs on "discount" tires—and went to *quality* and stayed with *quality*.

Go to a legitimate dealer and get a legitimate tire.

See the U. S. policy in operation as a personal transaction. Buy your tires as you do the other standard products you use.

Let a reputable manufacturer and his reputable dealer take responsibility for your tire economy. Instead of taking it yourself—as "discount" tires make you do.

*Bedroom Furniture Is a Strong Feature in the
August Sale of Furniture
With the Low Price Basis Much in Evidence*

WHAT effect has your own room upon your physical and mental being? Surrounded with the beautiful and the gracefully unobtrusive, one is unconsciously soothed and inspired; in the midst of confusion and the inharmonious the direct opposite is true. Thus we say, "Neglect not the furnishings of your own room. Consider the guest within your home, and contribute everything possible to the well-being of your children."

Good Bedroom Furniture is never a luxury. But to purchase it during our August Sale is to make it a positive economy, since our presentation represents highly successful purchases at times when markets were lowest.

Suites, wonderfully well constructed, simple in design or more ornate, as well as separate pieces, are included.

Louis XV Suite at \$295.00

We offer this illustrated Suite in antique brown mahogany or selected American walnut. Each piece is constructed with the utmost care; the antique handles, the beautiful bow-end bed, and the vanity toilet table are notable features.

4-Piece Suite at \$185.00

This Suite is especially worthy of your consideration. It is of Queen Anne period style, finished in American walnut, and is of careful construction and fine workmanship. A new style chiffonette and triple-mirror dressing table are included.

4-Piece Suite at \$267.50

This Bedroom Suite, in William and Mary period design, is finished in old ivory. It consists of a bow-end bed, large dresser, chiffonette and triple-mirror dressing table.

9-Piece Suite at \$395.00

This beautiful Suite is a product of one of the best factories of Grand Rapids. It is made of selected American walnut, hand polished, in Tudor design, and includes handsome bow-end twin beds.

Queen Anne Suite at \$189.50

Three-piece Bedroom Suite, consisting of large dresser, chiffonette and full-size bed, finished in a rich antique brown mahogany. This Suite is a remarkable offering at the price named.

Queen Anne Suite at \$179.50

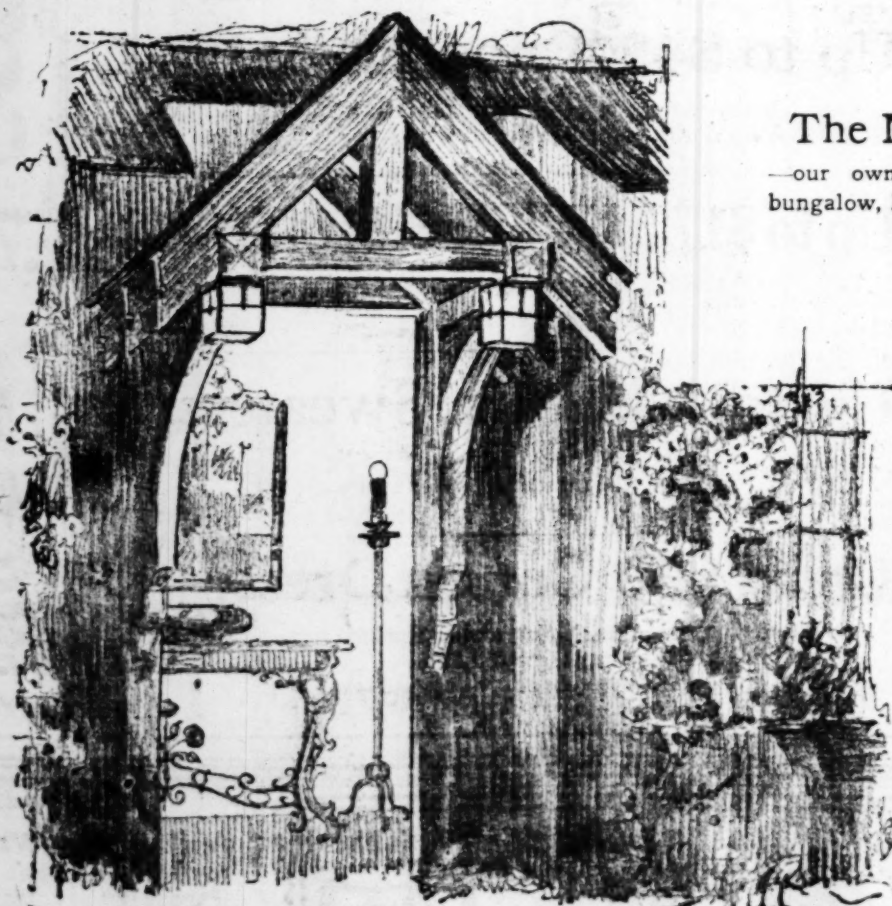

The Queen Anne Suite which we offer at this low price in the August Sale is a remarkably fine value. There is a choice of American walnut or brown mahogany finish. The Suite is well constructed and nicely finished.

The Model Home

—our own specially constructed bungalow, located on the furniture floor, displays to advantage the artistic possibilities of our furnishings. The eight rooms are completely outfitted under the principles of comfort, beauty and economy. Every suite used at this time reflects the telling low prices of the August Sale.

Salt Lake Valley.

By the Associated Press.
SALT LAKE CITY, Utah, July 24.
—Featured by pageantry depicting
the entrance of the first band of
pioneers into Salt Lake Valley, a special
program was furnished yester-

day at the mouth of Emigration
Canyon, at the spot where Brigham
Young, on July 24, 1847, uttered the
famous words: "This is the place."
The pageant formed a reproduction
of the entrance of the pioneers,
horses pulling an old wagon similar
to that in which Brigham Young
rode over the plains to this valley.
This was followed by oxen teams
and women in pioneer costume.
The spot at which Brigham Young
made the historic remark is marked
by a buffalo skull monument, upon

which appears: "This is the place."
If plans of the mutual improvement
associations of the Mormon Church
are completed, it was announced, the

An Unfailing Way
to Banish Hairs

(Beautician's Note)
Your hairy growths can be removed
from the privacy of your own home if you
use a small original package of Depilatory
lotion. It is a paste enough of the cream
and water to cover the hairy growths.
This should be left on the skin for
minutes, then removed and the
washed and every trace of hair will
vanish. No harm or discomfort
can result from this treatment.

**BLUE SKY PERMIT FOR
MOVIE STOCKS HELD UP**

Seven Objections to Concern of
Which Victor Miller Is
Treasurer Are Listed.

By a Staff Correspondent of the
Post-Dispatch.
JEFFERSON CITY, Mo., July 26
—Seven objections have been made
by the Blue Sky Division of the
State Department of Finance to the
organic plan of operation of the
Phoenix Productions Co., of St.
Louis, of which Victor J. Miller,
chairman of the St. Louis Police
Board, is treasurer, and until these
are met no permit will be issued to
the company to sell its securities in
Missouri. The company, as told
exclusively in the Home Edition of
the Post-Dispatch yesterday has
been incorporated under the laws of
Delaware to produce and sell "Boy
Feature" motion pictures, and has
asked for a permit to sell stock in
this state.

As outlined to officers of the com-
pany by Gus O. Nation of St. Louis,
acting supervisor of the Blue Sky
Division, the objections to the
Phoenix plan are as follows:
It has not obtained from the Sec-
retary of State a license to do busi-
ness in Missouri under the corpo-
ration laws quoted as "forbidding for-
eign corporations organized under
the laws of a foreign state by citi-
zens and residents of Missouri for
the purpose of avoiding the laws of
this State to do business in Mis-
souri."

Lack of Faith Noted.
It is noted that "at present only
\$3010 worth of the stock of this
company has been sold and that
while a number of persons of very
considerable means are included on
the board of directors, none of them
have given substantial evidence of
faith in the success of the proposi-
tion by investing money in either
common or preferred stock."
All of the voting power is invested
in the 5000 shares of common stock,
of nominal value of \$1 a share,
while the 2000 shares of preferred
stock listed at \$100 each, but
would have voting power only at
such times as the company might
default on preferred dividends for
60 days.

This objection is accompanied
with the comment that "persons
who supply the funds to finance the
project should be enabled to exercise
a measure of control over the com-
pany's affairs, commensurate with
the proportion of their contribution
to the corporate assets."

Provisions as to Directors.
One article provides that directors
need not be stockholders. Another
limits and restricts the right of
stockholders to examine the books
and accounts of the company.
A third gives to the directors
power to make, alter or amend the
by-laws of the company and pro-
vides that the by-laws shall define
the powers of the directors, seem-
ing thus to vest in the directors "unlim-
ited and plenary powers."

Provision is not made for cumula-
tive voting in the election of direc-
tors.

As told yesterday the company
was incorporated in May last, to
have 6000 shares of common stock
of nominal value and 2000 shares of
preferred stock of the par value of
\$100, of which \$3010 has been sold
as follows: Preferred, John H.
Gundlach, 10; Robert Abeles, 10;
Chester Dougherty, 5; C. P. Van
Graffland, 5; common, two shares
each to men who are the officers and
directors as follows: Charles F.
Hatfield, president; Victor J. Mil-
ler, treasurer; C. L. Peirce, secre-
tary and manager; Dr. P. M. Whel-
pley, Frederick P. Rein. All are of
St. Louis.

PASTOR SAID TO HAVE ELOPED WITH GIRL, 16

Nebraska Authorities Searching for Minister, 50 Years Old; Girl Is Returned to Father.

By the Associated Press.
OMAHA, Neb., July 24.—Authorities today are continuing the search for the Rev. W. D. Harrell, 50 years old and a grandfather, pastor of a church in Homer, Neb., who is alleged to have eloped with Hazel Riley, 16, a farmer's daughter, after she had asked him to help her find work. The girl was returned to her father by a deputy State Sheriff today.

She said she had lived at the minister's home for several months and had come to love him. "When I asked him to take me away," she told officials, "he said he would if it were for an honorable cause."

They are alleged to have left last Tuesday. Harrell is said to have left the girl at Hooper, Neb., rejoined his wife, who had been ill in an Omaha hospital, and left for the South in an automobile.

"He would tell me he liked me awfully well," Hazel told a deputy State Sheriff. "I first came to love him on our way home from a revival meeting several months ago."

She declared she had spent a week with Harrell, traveling in an automobile. She said they spent

one night in the car near Fremont. On another night, she said, they stayed at a hotel in Omaha.

"Mrs. Harrell was ill in a hospital at Omaha, but we did not go near her," the deputy Sheriff said. The girl told him.

Detailed Story of Difficulties Met by Parties
Traveling Before Start of Steam-

PORT NORMAN, N. W. T., June 27.
(By air mail and wire.)—Going out
from the Imperial Oil Co. well
on Bear Island, your corre-
spondent met a young man who had
been staking claims in Eastern
Canada. As the experience of these
men is coming down river before
the first steamships of the year is
out of a number who had made
trip by scow, canoe or launch,
it must be borne in mind that this
summer, commenced from either
McMurray or Peace River, as
must be if started before the
steamship season begins operating.
The trip of some 1500 miles from
either or about 2500 from Peace
River. On one occasion this par-
ticular party traveled for 43 hours
on two rests in their motor boat
and for two rests of two hours
each. On another occasion they
traveled for eight hours down the
Mackenzie River, all of them sound
and fresh from exhaustion.

The party left Peace River with a
boat and two canoes on May 19,
started down the Slave River
from Fort Smith to Port Norman by
river and lake route, a distance
of 140 miles. Leaving Port Smith
on June 4 they reached the head of
Slave Lake via the Slave River,
the night of June 6, arriving there
at 11 p. m. The party was using a
motor boat equipped with a dis-
tributor propeller, that is, one of
the propellers where the propeller shaft
and propeller are forced up into a
box or semi-tunnel in the stern
of the propeller guard strikes an
alteration of any kind. The motor
itself was only 18 feet in
length and they were towing two
canoes.

Starting at 9 p. m. the night of
June 6, making the crossing of Great
Slave Lake, the party landed at a
camp on each side of the motor boat
and struck across a wide bay
from Point Port, a distance of some-
times of open water, or a total
distance of about 50 miles from the
head of Slave River to the head
of the Mackenzie River on the op-
posite side of the lake.

"It was a perfect night," said Mr.
Anderson. "There was nothing to
be seen except a bank
heavy clouds in the East. We
went at night across the lake,
and on the morning of June 7,
the day also fair weather prevailed
we traveled all day, striking
the river about 6 o'clock in the
evening. We stayed at Hay River
only two hours, moving at 8 p. m.
and traveling all night to 5 p. m.
on the morning of June 8, when we
went at Big Island at the entrance
of the Mackenzie River. We stayed
for one day, the 8th of June,
going to be exact, about 30 hours.
We left this camp about 2 p. m. on
the 9th, traveled all day, and all
day down the Mackenzie River,
arriving at Providence about 5 a. m. on
the 11th. We stayed at Providence
day and a half, during which it
rained heavily.

Leaving Providence about 2 p. m.
on June 12, we traveled throughout
the 12th and 13th to Fort Simpson,
arriving that point about 6 p. m.
on June 14, where we stayed with
Mr. Hubert Thorne of the R. C.
P. We left Simpson on the
morning of the 15th of June,
reaching Fort Wrigley about 10 a. m.
on the night of the 14th, and left
at midnight of the same day.

Stop in Drifting Canoes.
From this point, the river being
wide and the current good, we
went downstream, each of us tak-
ing a boat, separately, stretching
out and going to sleep. We
saw soundly for eight hours, cover-
ing 40 miles of the river meanwhile.
We stopped an hour for breakfast,
and all that day until 10:30 p. m.
when we reached Fort Norman,
having traveled a distance of 165
miles in less than a day on that leg
of the journey, and being just four
hours out of Peace River."

The party was the third one
to enter the district since the
last time that is, from the out-
side. But when they arrived, they
found that the entire water front
had been staked by the Northern
Company, themselves, all the way
from Port Norman to the Imperial
Oil Co. locations 52 miles down-
stream. However, they proceeded at
once and acquired locations covering
many square miles of ground imme-
diately back from the river, and
from 22 to 35 miles below Fort Nor-
man.

They report that the staking done
by their predecessors has been
done most carefully and this is
borne out by the Royal Canadian
Mounted Police and other people at
the place. The common mistake made
was that with reference to dis-
tances. All of the stakers know of

Details of Proposal of
Henry Ford for Purchase
or Lease of Muscle Shoals

Secretary of War Weeks Indicates Terms Would
Require Changes Before Government
Would Accept Them.

By the Associated Press.
WASHINGTON, July 26.—The
War Department made public yester-
day the detailed proposal of Henry
Ford for the purchase and lease
of Muscle Shoals properties as con-
tained in a formal letter to Major-
General Beach, Chief of Engineers.
It involves a proposal to lease the
Wilson dam for 100 years at an an-
nual payment to the Government of
\$1,200,000.

The specific proposal of Ford was
that if the United States will prom-
ptly resume construction work on
the Wilson dam and as speedily
as possible complete the construction
of the dam, and progressively install
hydroelectric facilities and equip-
ment for generating 600,000 horse-
power, then the company (to be
formed by Ford) will agree to lease
from the United States the Wilson
dam, its powerhouse and all of its
hydroelectric and operating appar-
tenances, together with all lands and
buildings owned by the United
States connected with or adjacent to
either end of the Wilson dam, for a
period of 100 years from the date of
the completion of the dam and its
powerhouse facilities, and the com-
pany will pay to the United States
6 per cent on the remaining cost
of the locks, the dam and the
powerhouse facilities, taken at \$40-
600,000, in payments of \$1,200,000
annually.

Other Details of Proposal.
"If the United States shall accept
the above proposal," Ford's letter
continued.
"Then the company will ask that
the United States proceed to con-
struct and fully complete dam No. 3,
as designed and proposed. When
the power installations at dam No. 3
are completed, the company offers to
lease it for a period of 100 years
from the date of completion and the
company will pay to the United States
6 per cent on the cost, taken at
\$8,000,000, in payments of \$480-
000 annually.

"If the United States shall accept
the above proposals in their entirety,
then the company offers to pur-
chase from the United States all of
the property at nitrate plant No. 2,
nitrate plant No. 1, the Waco quarry
and steam plant at Gorgas, Ala."
Would Operate Plants.
Describing these in detail, Ford of-
fered to pay \$5,000,000 additional
for these, and continued:
"At any time prior to the expira-
tion of said lease period of 100 years
the company shall have the right to
negotiate with the Government for
the renewal of the leases of the two
dams, powerhouses, etc. If the United
States agrees to sell and the com-
pany purchases the several
properties the company will operate
the same from a full moon rising at
mid opposite across the lake to the
hidden sun.

Senator France Tells of Fine Work Quakers Are Doing in Feeding Million Children in Germany Daily

Expectant Mothers Also Included in Unique
Rationing Program—Distress and Under-
feeding Evident Everywhere.

This is the fifth of a series of articles by Senator France of Maryland, on his observations in Germany. The Senator passed through Germany on his way to Russia, entering the latter country June 30, last. The Senator who is a graduate of the University of Leipzig, Germany, is a strong advocate of the immediate resumption of trade with Germany and Russia and his trip to Russia is for the avowed purpose of finding out just what the United States must do to enable American firms to obtain Russian business. He recently introduced a resolution in the Senate for the immediate resumption of trade relations with Russia, but it is still buried in the Committee on Foreign Affairs, to which it was referred. Both he and the State Department took pains before his departure to make it plain that his visit to Russia is "strictly unofficial." He will write of Russian conditions when he gets out of that country.

BERLIN, June 25.
THE principal objection to a rapid run through a large country is that one sees only a few high spots. In Berlin until today, I had seen principally Government officials, publicists, bankers, manufacturers, merchants—and Americans, once more swarming about this end of Unter den Linden and reviving the venerable jest of the American who sees a German dining in the luxurious Adlon and cries: "What? Do they let foreigners into this hotel?"

Today, however, I devoted largely to talking with local agents of the American Friends' Service Committee, and seeing the work which the "Quakers" are doing for the next generation in Germany. My interest was manifold. I wished to see just what the service to which Germans refer in their grateful terms, ex-pressed in the ears of an American; I wished to see the other extreme from the groaning tables along the boulevards; I wished to observe whether the poor of 1921 are poorer than those of 1914; finally, aware that the American Friends have already started distributing medical supplies from Moscow, I wished to examine the efficiency of the Friends' large scale work in Germany.

War's Blight Seen.
In my brief study of Germany today I am trying to avoid sentiment, to eliminate natural prejudice. If I see Germany suffering I recall that England and France—and America, also—are suffering. I am aware that war, naturally enough, has never been marked by sympathy for the innocent sufferers so much as by the unsparing effort for victory. All this does not prevent my being aware that the fighting is now over, and reconstruction started.

Nowhere is this reconstruction more engrossing than in the actual reconstruction of the coming generation, caught in the important years of development by a war which deprived them of all fate, of all milk, and of the proper amount of almost everything else. The men at the front got the best. That helps to explain the sound appearance of the adult males you see; also to explain the frailty of a great part of the children. Those who looked to be 6 I found to be 10 or 12; a boy apparently under 10 proved to be 17. Growth seems almost to have stopped in the seven lean years of war.

Trying to Aid Children.
There were many cases of rickets and arthritis among the children in the hospital I visited today. By patient nursing, instinctively aided by the Quaker food supply, the German Government is attempting to give health to children who have had it given their offering a dismal start in a dismal world. An infant crying for milk had been given a thin soup, thickened with a poor grade of flour, with hard to see why the bones were frail.

I cannot say how high is the percentage of babies in really desperate condition, nor how it compares with the number in France, say, or in the New York slums in peace time (but these children are not from the slums; inquiry showed their fathers to be artisans and little merchants). The only comparison was afforded by the nursing staff; they cited 50 per cent more cases than before the war.

Nearly 1,000,000 Fed.
So much for the babies. The Friends' principal work, perhaps, is the large scale distribution of one good meal a day to children of school age and apprentice age, the latter group, of course, having been 10 or 12 when the famine period started. When one learns that 350,000 are being fed in Germany by this American organization, he grasps the immensity of the task. I do not mean wholly fed; this would be far from exact. But the single daily meal so provided is of fact which could not otherwise be obtained and is, of all things, the sorest need of these children and the nursing for expectant mothers included in the rationing. I saw some smiling American girls getting American white bread, well aware that not the richest man in Berlin could buy it in Germany. The Government's confidence in the Friends is shown by their policy of supplying

Distress of Middle Class.
Particularly am I impressed by the financial distress of the middle class, whose pay has not risen as rapidly as the pay of common labor.

Ten Clubs Apply
For Permission to
Hold Bouts HereRepresentatives Told to File
Requests for Dates Which Will Be
Passed On by Committee.

Representatives of 10 athletic clubs last night appeared before Capt. Len Harlow and Max Orthwein, of the Police Board's Boxing Committee and applied for permission to conduct boxing shows under the board's supervision. Judge Robert Hall and Harry Kiener, other members of the board, were absent.

The committee told representatives of the 10 clubs to file their applications for dates with the committee, which would act upon them and issue permits if satisfied with the arrangements and the matches planned. Only two clubs were ready to ask for dates—the Riverview Club and the St. Louis Athletic Association. The former has planned a boxing day for Aug. 20 and the latter is going forward with arrangements for a show Aug. 8.

Ten Clubs Apply.

The clubs requesting permission to operate here were:

Angelica Physical Culture Club, Leo Heyman and Jack O'Connor, managers.

St. Louis Athletic Association, Harry Uhlemeyer and Edward Brady, promoters.

South Broadway Athletic Club,

Herman Heitzenroeder, matchmaker. Business Men's Athletic Association, James Solari and Harry Cook, promoters.

Riverview Club, Roger Cornell, matchmaker.

Lafayette Athletic Club, Frank Witt, matchmaker.

Circle Athletic Club, Tommy Sullivan, matchmaker.

Pastime Athletic Club (negro), Sam Dixon, manager.

Southern Athletic Club, C. J. Courtney, manager.

Senate Athletic Club, M. Lauman, manager.

No action was taken against the officials of the St. Louis Athletic Association which recently held a boxing show at the Battery A drill yard. On this occasion an arrest was made and a charge of distributing memberships after the 7 o'clock closing hour was placed against him.

Miller Gives Some Advice.

The committee was unable to prove that the distribution was made at the instance of any of the club's officials, who maintained that the tickets distributed by the individual in custody were taken by him without their sanction. The committee decided to give the club the benefit of the doubt but made it plain what would happen in case any further difficulties of this nature arose.

Victor J. Miller, president of the Police Board, addressed the promoters during the session and advised them that it would be for the good of the game, the fans and themselves if the strictly obeyed the injunctions laid down two weeks ago by the board. He said that the police board was interested in boxing from the standpoint of protecting the spectator and that the promoters would have to conduct their shows with this thought in mind.

NOKE HURLS HAMMER 173
FEET IN PRACTICE FOR
INTERNATIONAL MEET

By the Associated Press.
PRINCETON, July 26.—The Oxford-Cambridge track squad and the Princeton and Cornell athletes worked out together in the Palmer Stadium, yesterday, in preparation for their meet Thursday at Travers Island.

The feature of the practice was the hammer throwing of Noke, who heaved the leaden missile 173 feet, nearly 20 feet better than his toss of Saturday. Another throw went over 171 feet.

The English team did very light work, limbering up after their meet on Saturday. Tatham's knee kept him off the track, but Stallard jogged through several easy laps. He said his foot is bothering him considerably, but he expects to run on Thursday. Tatham apparently will not. McInnis, the three-miler, was also missing from the track and was reported in poor running condition.

The Cornell runners had a hard workout. Irish ran a trial over 2½ laps and Carter a fast quarter.

ART KOSSMAN HOLDS
RECORD AT GREENVILLE

By the Associated Press.
In Saturday's issue of the Post-Dispatch it was erroneously stated that Arthur Kossman, one of the former Post-Dispatch caddy golf tournament champions, was professional at the Greenville (S. C.) Country Club. Kossman is at the Greenville (Ill.) Country Club. He recently established a new course record for the links, negotiating 18 holes in 65. Far for the course is 62.

"SPEED" MARTIN OF CUBS
SAYS N. L. HURLERS ARE
"THUMBING" THE BALL

By the Associated Press.
CHICAGO, July 26.—National League pitchers are resorting to the old trick of "thumbing" the ball, now prohibited, it was declared today by several members of the pitching staff of the Chicago Cubs.

The Boston and Brooklyn pitchers, especially, were frequent violators of the rule, according to "Speed" Martin. In the closing game of the Chicago-Brooklyn series at Brooklyn recently, which Chicago captured 3 to 1 in 13 innings, Sherrod Smith "nicked" the ball cover with his thumb nail, Martin declared.

When Martin got one of the "nicked" balls, he said, he threw such a wide curve to Shortstop Olson Umphire Klem grew suspicious, examined the ball and threw it out of the game. Martin said he protested that the opposing pitchers had been marring the ball to get faster breaks on their curves, but Klem ruled against him. Several other balls, similarly marring, were thrown out of the game by Klem, Martin declared, but no action was taken against the pitchers.

K. of C. to Organize.

By the Associated Press.
NEW YORK, July 26.—Plans for organization of a Knights of Columbus national amateur sports association were announced today by William J. McGinley, supreme secretary of the knights. The association, which Mr. McGinley predicted would be the largest amateur organization in the United States, will be perfected at the K. of C. international convention at San Francisco, Aug. 2, 3 and 4.

Ray Wins From Tucker.

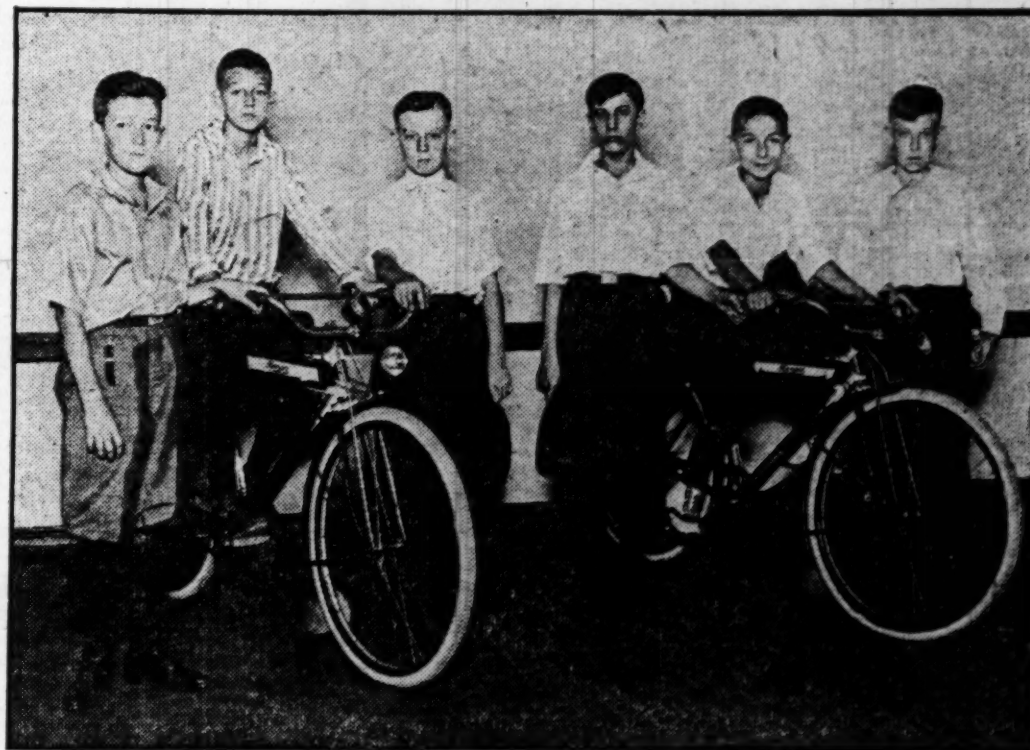

By the Associated Press.
CINCINNATI, July 26.—Johnny Ray of Pittsburgh bested Frankie Tucker of Los Angeles, California, in the main event of a boxing show here last night. The boys weighed 134 pounds. Ray is to meet Jack Lawler here next Monday night in a 10-round bout.

A Challenge Answered—
A Promise Fulfilled

A little more than six weeks ago we challenged the virility and aggressiveness of boys and girls of the St. Louis Carrier District with a promise of FREE RANGER BICYCLES in return for twenty new subscriptions to the DAILY POST-DISPATCH.

Today we add to the pictures of successful boy and girl entrants already printed, six more bright, manly boys who responded to the challenge and have earned FREE RANGERS. The Honor Roll includes a total of 220 names of EARNED Ranger owners! The "We Want to Give Rangers Away" of six weeks ago is changed to

STOCKS FIRM AT START; TONE HEAVY LATER

Price Changes Irregular at Close—Steels, Motors and Those Issues That Were Strong Recently Have Widest Ranges.

By Leased Wire From the New York Bureau of the Post-Dispatch.

NEW YORK, July 26.—Total sales on the New York Stock Exchange today were 2,000,000 shares, valued at \$11,000,000. The market was firm at the start, but became heavy and prices showed little rallying power throughout the day. Steel, motors and in general those issues which were strong in the previous session, suffered the greater reactions. The close was irregular with fractional declines predominating. President Harding's possible reelection was again a factor in the market, but the initial price being \$2.50. A rally of a quarter of a cent occurred later, but the amount of business transacted was small. French francs were steady at 7.12 cents, and German marks were unchanged at 1.17 cents. Italian lire, however, were again heavy, dropping 4 points to 1.35 cents, which compares with a price of 1.31 cents a little over a month ago. Recent weakness in Dutch and Scandinavian exchange was also continued.

"As an offset to this display of uncertainty in the European currencies, those of certain South American countries showed a distinctly better tone. The Argentine peso, which rallied 1 cent yesterday after prolonged weakness, advanced further today, commanding 2 1/2 cents. The Uruguayan peso gained half cent to 4 1/2 cents, and the Brazilian milreis was quoted at 11 1/2 cents, a little higher at 11 1/4 cents. While it is too early to determine whether this rally indicates an improvement in the economic position south of the equator, the suggestion implied assuredly is welcome.

"Cotton was slightly steadier after yesterday's liquidation, with the trading light. The October future suffered a further decline earlier in the trading, and as little as 12 1/2 cents, but subsequently rallied back and at a late price of 13 1/2 cents showed an advance of 4 points on the day. Conditions in the grain market were somewhat similar. After fluctuation over a range of about 2 cents, the September wheat registered an advance of half cent at a quotation of \$1.24.

Wall Street News and Comment
—SPECIAL DAILY—

By a Special Correspondent of the Post-Dispatch.

NEW YORK, July 2.—Further evidence of investment activity in the bond market, in highly irregular but generally unimportant market for stocks, and continued weakness in the foreign exchange were the leading incidents of the financial situation today. Taking the average, the advance in bonds was fully as marked as the decline in stocks, and as on any day so far, and again there was a broad distribution of business. Trading in stocks was dull and together professional. It was a mixture of fresh experiments with bidding prices up and selling to take profits there was rather a lack of advance of previous days. American oil shares rose under the lead of Caden and California Petroleum, with more attention given to the statistics on new production which have shown a steady if rather moderate decline for the last two months.

But while the oils were going up, stocks which had been strong yesterday and last were being sold. Among these were the sugars, the equipments and the motor tire group. Pausing of the dividend on Colorado Fuel and the omission of the stock dividend on Pure Oil were announced. Exchange on London, 40 francs 30 centimes. Exchange on Paris, 70 francs 20 centimes. The dollar was quoted at 7 francs 92 centimes.

Improvement was one of the features with a further jump to a new high of 10 1/2 cents. The Great Northern reached this high record figure. Most of the transactions in the Burlington collateralized the third member of this group—were at the previously recorded high of 10 1/2. Rock Island refunding 4 1/2, Liberty bonds were very little changed.

Central Leather. Persistent selling of Central Leather during the last few days pointed toward an unfavorable statement for the second quarter. There was a loss on operations of pretenses of \$14,850,000, which with general expenses and bond interest produced a deficit of \$1,250,000. This wiped out the margin surplus remaining at the end of the previous quarter and left a deficit of \$1,000,000.

The Bond Market. The principal demand in the day's bond market was for some of the comparatively recent flotations bearing a high rate of interest. The idea behind this buying was that the 3 per cent bonds, both Government and private corporations securities, were typical of the tight money period. Therefore, it was argued, they had larger possibilities for recovery than older bonds.

Although on the Stock Exchange motor shares were rather weak and the tire stocks reactionary, bonds of these companies were not affected. Goodyear's sale up to 10 1/2, early in the session and Kelly-Springfield to 37. These advances were subsequently lost. Packard Motors was carried up a point to 8 1/2. Meanwhile the 8 per cent bonds of some of the foreign Governments were having a similar forward move. Denmark's reached a new high record of 102, making a gain of a point and a half within a week. Belgium's became well established just above par, while the 7 1/2 got up to 10 1/2. The 9 1/2 held their recent gain, which has been a rather steady one. The 9 1/2 were up over a point as compared with a week ago. Railroad issues kept on with their rise. Northern Pacific refunding and

plans an estimated \$250,000 contract for purchasing, installing, maintaining and operating gas mantle lamps on the streets of the city of St. Louis for a period of one year beginning Sept. 1, 1931; plans specifications, form of contract and other information can be had at the office of the Director of Public Utilities, Room 308, City Hall.

This is a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint smudges and discoloration, characteristic of old paper. The left edge shows the binding of the book.

MORE TRUTH THAN POETRY

By James J. Montague.

THE BATHTUB PIRATE.

Though gales be strong and billows rough
And black with storm the skies,
From Faucet Point to Porcelain Bluff
His evil signal flies,
And well may mariners turn pale
And head their craft toward home,
When they descry his bellying sail
Across the tossing foam.
Where he has cruised, along the beach
Are stately ships and grand
Whose gaunt and naked timbers bleach
Upon the sunlit sand.
Where he has sailed, beneath the waves
Are heaps of human bones
Consigned to the eternal grave
Watched o'er by Davy Jones.

Blow high or low, he holds his course
Forever in pursuit—
(Untouched by pity or remorse)—
Of galleons to loot.
And treasure vessels seek in vain
To double Shower Cape.
When he appears upon the main
He baffles all escape.
But even pirates needs must rest,
And when the shadows fall,
Across the ocean heaving breast
A deep and purple pall,
He says farewell a while to crime,
For Mother pats his head,
And murmurs: "Don't you think it's time
That children were in bed?"

WELL WORTH PRINTING, BUT THEY DON'T MEAN THE
SAME THING.
The Government slacker list con-
tinues to call attention to cases of Senator King says that the navy is
distinguished gallantry that had been suffering from dry rot. That's what
overlooked by the public. a lot of the officers think.
